GE Strikers Returning To Jobs after Walkout

NEW YORK (AP)—Members of the International Union of Electrical Workers (IUE) return to work today after a three-week strike against General Electric Co.

Rebel holdouts were reported in several of the 55 struck plants, closed since Oct. 2.

The walkout was settled Saturday after two days of intensive negotiations under supervision of federal mediators. The settlement provides for an immediate 3 per cent wage increase.

Nixon Ponders Religious Smear

Kennedy Crew Hit For Exploiting Issue

WITH NIXON in Pennsylvania (AP)—Vice President Richard M. Nixon said today he might open up publicly on what he called the smear tactics of the Kennedy forces on the religious issue in this campaign.

His press secretary, Herbert G. Klein, charged in a statement that Democrats were "attempting to exploit the religious issue to solidify what they regard as 'a Catholic vote.'"

Nixon's opponent in the presidential campaign, Sen. John F. Kennedy, is a Roman Catholic. Klein said the alleged exploitation of the religious issue is being done by running the film of Kennedy's Houston, Tex., ministerial appearance in states with heavy Catholic populations and by statements such as Robert F. Kennedy made Sunday on a television show.

Sen. Kennedy was questioned extensively in Houston by a group of Protestant ministers on his attitude toward religious beliefs and the presidency.

Klein said that Robert F. Kennedy, the senator's brother and campaign manager, charged that Republican campaign headquarters in San Diego, Calif., was openly issuing anti-Catholic literature.

Klein said a check of San Diego officials showed clearly that this charge was untrue. Actually, Klein said, Robert F. Kennedy was again resorting "to distortion, innuendo and smear which have characterized the Kennedy campaign."

The vice president's advisers were conceding it is possible they are behind right now in the bidding for New York's 45 electoral votes. But they think they are ahead—and Democrats dispute this—in the contest for California's 32.

This situation makes Nixon's trip through the northern industrial tier a critical one. Here he must charm enough voters, in states which have had a recent habit of going Democratic, to make up for the possible loss of New York. Harry S. Truman won without New York. No Republican has done it for a long time.

West Berliners Given Assurance from Ike
BERLIN (AP)—President Eisenhower today told the people of West Berlin that Americans "are the great task of maintaining and extending human freedom."

The occasion of the President's message was the dedication of the Freedom Bell presented to the Freedom of Europe Foundation, a private organization that supports Radio Free Europe broadcasts to Communist countries.

Full production at GE, the nation's largest manufacturer of electrical goods, was expected in a short time.

The IUE is the largest of 100-odd unions among GE employees. It was generally agreed that the strike settlement was a major victory for the union and its president, James B. Carey. The settlement was almost identical with GE's pre-strike offer and apparently was influenced by IUE's earlier acceptance of a contract with the Westinghouse Electric Corp.

Major losses to the union were the elimination of a cost-of-living escalator clause and the acceptance of a three-year contract instead of the two-year pact it had pressed for.

"Nobody wins one of these things," said Philip D. Moore, GE's manager of employee relations.

Carey, snapping at GE Vice President Lemuel R. Boulware and Leon Jandreau, head of IUE local 301 at Schenectady N. Y., said: "Neither GE nor any corporate management in America can gain solace from this strike for 'Boulwareism' failed to either paralyze the union or to hypnotize the union's members into automatic acceptance of management's inadequate proposals."

"To decent union members Jandreau's name will be a symbol of infamy, for his action in leading a big local out of the strike served to reduce the union's bargaining power and, therefore, its ability to serve its members better."

Boulware authored GE's labor policy, which was adopted after a strike in 1946.

The Schenectady local first voted against striking, but reconsidered and joined the walkout belatedly. Then, in a break with Carey, Jandreau last Monday led the local back to work.

Jandreau, in turn, demanded the union president had demonstrated "complete bankruptcy as a labor leader."

Pollster Says Many Voters Are Undecided

WASHINGTON (AP)—Pollster George Gallup says the presidential race is still very close but there is enough voter uncertainty to "bring a colossal landslide to either man."

Major shifts have occurred in the final few weeks before each of the last three presidential elections, Gallup said in copyright interview published today by the magazine U.S. News & World Report. Unlike many previous elections, he said, "there is a great lack of enthusiasm for either Vice President Richard M. Nixon or Sen. John F. Kennedy, and many voters leaning toward either could be shifted to the other."

Putting the estimated total vote about 3.5 million potential voters undecided—about the same as in But he described as a "terribly important factor the possible shift of another 6.5 million 'who say they do not feel strongly'."

The undecided vote often divides on the same ratio as the more than 70 per cent shifted in the final three weeks to Harry S. Truman, giving him a surprise election over Thomas E. Dewey.

CUBAN UNDERGROUND ALERTED

Ohio Traffic Accidents Take Lives of 16

By THE ASSOCIATED PRESS
Ohio's weekend traffic slaughter took 16 lives including six pedestrians who were struck by cars. One was a blind man crossing a Middletown street.

Policemen figured in two of the fatal accidents. A Columbus man was killed when struck by a police ambulance cruiser as he crossed a street in the capital city. A Zanesville woman died when the car in which she was riding collided with the private auto of a Zanesville patrolman.

In addition to the highway deaths, the state recorded two fire and two miscellaneous fatalities from 6 p.m. Friday through midnight Sunday.

In the miscellaneous category was the death of a 17-year-old Reynoldsburg boy whose curiosity cost him his life.

While squirrel hunting in Li-king County, the boy remarked, according to his companion, "I wonder what a guy looks like with his chin shot off?" Then, apparently thinking his shotgun's safety was on, he put the gun to his chin and pulled the trigger. The safety wasn't on.

The one multiple fatality traffic accident that was recorded killed two Kentucky brothers near Middletown. They were riding their bicycles along Ohio 4 when they were struck by a hit-skip motorist. The alleged driver later was apprehended.

An Urbana man also was killed by a hit-and-run driver near Springfield.

The fatalities:

Friday Night
William and Leonard Faulkner, brothers, 25 and 19, respectively of Walpersville, Ky., when their bicycles were hit by a hit-skip car 3 1/2 miles north of Middletown on Ohio 4.

Saturday
John Scherer, 17, Bellefontaine when the car in which he was riding failed to make a curve and overturned on a county road five miles southwest of Bellefontaine.

Marvin Edward Martin, 53, Columbus, of injuries received when struck by a police ambulance cruiser there Friday night as he Donald Helmann, 29, Groveport, when his car smashed into an abutment of a railroad overpass.

Franklin Fickel, 65, Rt. 1, Baltimore (Fairfield County).

Harvey W. Elliott, 41, Rt 1 Amherst, when his car and another collided on Ohio 4 north of Marion.

A car on U.S. 42 about a mile north of Mount Gilead as he walked where he resided.

Paul Everett Cade, 17, Reynoldsburg, who was squirrel hunting near Pataskala (Licking County), when, apparently thinking his shotgun's safety was on, he put the gun to his chin and pulled the trigger.

AFTERMATH — Here is what is left after one of the largest Pumpkin Show crowds in history. Sunday morning streets were littered, booths were either torn down or empty and most people in Circleville were trying to recover from the annual excitement. Today most of the mess was gone, but there were bunions, heartburn and exhaustion to remind citizens of the 1960 Pumpkin Show.

Largest Crowd in History of Pumpkin Show Jams Downtown Section Saturday

The greatest crowd in the 54-year history of the Pumpkin Show clogged downtown Circleville Saturday afternoon.

Show officials estimated the attendance at 60,000 or better.

They came to watch the final hours of the four-day extravaganza. Many were thrilled by the mile-long Sesquicentennial parade which snaked through the heart of the jammed city.

Heartened by the clear, warm

October weather, people from all over Central Ohio moved on Circleville Saturday afternoon and evening. Their autos were parked as far as 10 blocks from the Court and Main intersection.

As Pumpkin Shows go, this one was written into the books as a huge success, despite the poor weather on opening day, Wednesday.

Part of the credit goes to the weatherman and part to the Pump-

kin Show committee and some to Circleville's Ted Lewis, plus the hundreds of other Pickaway Countians who put in endless hours preparing floats, booths and displays.

FEATURES of the Saturday program were the final concert of the U. S. Army Field Band, the baton twirling contest, pumpkin pie eating competition, and hog calling contest.

The Sesquicentennial Parade during which float winners were

announced, was the last of the six parades. It got off promptly at 8 p. m. and was completed at about 9:10 p. m.

Today most of the streets are cleared, the trash hauled away and booths removed. The tremendous task of clean-up after the largest crowd in history of course, has taken longer than normal. However, the vestiges of the 1960 Pumpkin Show will be gone tomorrow, but not the memories.

Kennedy Fires Blast at Nixon

WITH KENNEDY in Illinois (AP)—Sen. John F. Kennedy said today the Republican party "can count on Richard M. Nixon to lead its wrecking crew on Social Security."

The Democratic candidate, hitting at what he called ills of the U.S. economy under the Republican administration, swung into Illinois in a drive for the big, doubtful states 27 electoral votes.

Kennedy told a warmly responsive crowd of about 3,000 at Rockford that the Republican party has been consistent on one point—"it has attempted to wreck social security."

The partisan audience cheered when he said, "I think Illinois will go Democratic Nov. 8."

The audience shouted, "No!" when he read his version of the Republican record on care of the

Fifth Great Debate Planned If They Can Agree on Agenda

WASHINGTON (AP)—The major presidential candidates have agreed to try to arrange a fifth televised debate but disagree on whether it should be limited principally to the Cuban issue.

Vice President Richard M. Nixon and Sen. John F. Kennedy, in a sharp exchange of messages on the Cuban situation, said they were assigning representatives to try to work out details for another encounter.

Nixon, the Republican candidate, proposed a "debate in said the question could be stated, 'What should the United States government do about Castro?'"

The vice president did not say he would debate only on Cuba. But he told Kennedy that "unbiased observers agree" that the last two debates in some instances have become repetitious in covering subjects brought up previously.

Kennedy replied that he would "be pleased to discuss the whole record of Cuba with you," but said any further debate should cover many other subjects including, he said, "correcting any distortions made in the closing days of the campaign."

Kennedy was pressing Nixon to agree to a fifth joint debate which Nixon has said would be difficult because of other commitments. But he said Sunday night he would try to rearrange his schedule "if I believe it would serve a constructive public purpose."

The candidates' telegraphic exchange contained barbs on other subjects.

Nixon told Kennedy, "I find it difficult to understand your continued public statements to the effect that 'I am afraid to meet you in debate.' Such a statement

"The only consolation in the report is the general belief that although Russia is getting stronger, the United States will still have the ability to launch a devastating retaliatory attack that will deter Soviet aggression."

CBS, which broadcast the story on its "World News Roundup," said the report was compiled by the USIA research division "at the request of the military conference on public relations in Paris last summer."

Wayne Hoover Dies, Age 81

Jackson Twp. Man Official 45 Years

Wayne A. Hoover, 81, Route 3 prominent farmer and politician, died at 11:30 p. m. yesterday at his residence in Jackson Twp.

Mr. Hoover held an elected public office for 45 years. He was born November 7, 1878, in Jackson Twp., the son of Calvin and Sarah Jane Allen Hoover.

He began his political career in 1903 when he was elected constable in Jackson Twp. He was elected clerk of Jackson Twp. and clerk of the Jackson Twp. Board of Education in 1905.

His next post was township treasurer, and he was treasurer of the school board for about nine years. He was named township assessor in 1912.

He was elected to two terms on the Pickaway County Board of Education starting in 1928, and served a clerk and treasurer of Jackson Twp. at the same time. In 1940 he was elected to the first of two terms as Pickaway County Commissioner. His term expired January 1, 1949, and he did not seek reelection.

MR. HOOVER was a member of the B. P. O. Elks, Lodge No. 77, Trinity Lutheran Church and the Lutheran Brotherhood. He was a public sale clerk for 44 years.

Survivors include his widow, Susie Fosnaugh Hoover, residence; three daughters, Mrs. Marvin Rhoades, Pickaway County Auditor, Mrs. Maxine Radcliff, and Mrs. Mary Bushee, Route 3; six grandchildren; nine great-grandchildren; and a sister, Mrs. Elizabeth Nance, South Bloomfield.

Services will be held at 2 p. m. Thursday at Trinity Lutheran Church with Pastor Carl Zehner officiating.

Burial will be in Jackson Twp. Cemetery under the direction of Deffenbaugh Funeral Home. Friends may call at the residence tomorrow.

Ex-Ambassador Says Castro To Be Target

Secret Cells Ready To Open Revolution 'At Any Moment'

LONDON (AP)—The former Cuban ambassador to Britain said today a vast underground army organized throughout Cuba in secret against Fidel Castro's regime.

Sergio Rojas Satamarina, who was dismissed this year by the Castro government, said he was flying later today to Miami, Fla., to join a huge group of Cuban emigres.

"Thousands and thousands of emigres will pour into Cuba to join in the uprising," Rojas said in an interview. "They will go from Miami, Mexico, Venezuela Colombia and other parts of Latin America. You will see an uprising that will make Budapest look like nothing."

But, insisted the former diplomat, "not a single American soldier should intervene in this crusade. We have enough men, trained and ready to fight, to wipe Castro and his brutal regime from the face of the earth. We want no foreigners fighting with us. This is a Cuban fight."

Asked about the Soviet threat to support Castro militarily, the former ambassador said: "I say the Russians are bluffing. They will fight in Cuba—only to the last Cuban. Look at their stand in Korea, in the Congo and in East Germany. They will send arms and experts and all sorts of aid—but not a single Russian soldier. They do not want to provoke a world war."

Rojas would not estimate how many refugees are ready to take up arms. But he said out of the 150,000 in the Miami area there are thousands and thousands in condition and ready to fight.

This Week Tough on Ohio Dems

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle foresees "a tough week" for the Democrats in Ohio this week because of Vice President Richard M. Nixon's two-day campaign swing in this state.

"It will be a tough week for us," said the Democratic governor as he referred to the Tuesday and Wednesday whistlestop tour of Ohio by the GOP presidential nominee.

He added that the Democrats "will have to balance things out" after the Nixon visit but added he thinks the Democratic candidate for president Sen. John F. Kennedy, DiSalle said he will speak at a luncheon of the Lons Club in Urbana Wednesday, when Nixon stops in Columbus to speak from the Statehouse steps. He originally had planned to be in New York City that day to speak for Kennedy, but has moved that engagement to Nov. 2.

DiSalle also announced that when the Ohio General Assembly convenes Jan. 2 he will clamp on himself a ban against making any speeches or appearances outside of Columbus for the duration of the legislative session. He had a similar rule during last year's session of the general assembly.

Lodge To Introduce Nixon in Cincinnati

CINCINNATI (AP)—Henry Cabot Lodge, Republican candidate for vice president, was due to arrive by plane just before midnight tonight for an appearance with his running mate.

Lodge is to introduce the GOP presidential nominee, Vice President Richard M. Nixon, at a rally and national television address at 8 p. m. Tuesday night from Cincinnati Gardens.

Hamilton County Republicans plan to meet Lodges 11:35 p. m. arrival by chartered plane at Lunken City Airport and take the Lodge party in a motorcade to the hotel (the Sheraton-Gibson).

Lodge plans to meet Nixon Tuesday afternoon when the vice president's campaign train arrives after a whistle-stop tour across southern Ohio.

Name of New American President May Not Be Known until Dec. 19

WASHINGTON (AP)—If next month's election is as close as some experts think it will be, the name of the next president may not be known until Dec. 19, or even later.

That's when the electoral college meets to make official the results of the Nov. 8 voting.

Should the 537 electors representing the 50 states fail to produce a majority for anyone, the House of Representatives of the 87th Congress, which won't organize until next Jan. 3, will elect the new president.

It wouldn't be the first time that the electoral college deadlocked and threw the election into the lap of the House but the last time was 135 years ago.

The electors will be chosen by the voters in their respective states on Nov. 8. Each state is entitled to one elector for each member it has in the House and the Senate. While theoretically and traditionally they cast their votes for the presidential nominee who received the largest vote in

their state, they don't have to.

As recently as 1956 an Alabama elector refused to give his vote to Adlai Stevenson, although Stevenson carried the state by 85,000 votes over President Dwight D. Eisenhower.

Nor do the electors of a state have to vote as a unit. The records show that on 41 occasions a state gave part of its electoral vote to one candidate and part to another.

The electors, selected in most states by party conventions or committees, will meet in their respective state capitals on Dec. 19 to cast their votes.

That's when complicated political situations in several states may figure in determining who will be the next president if the November voting is close.

Georgia's 12 Democratic electors are not pledged to support Kennedy. If Kennedy carried Georgia on the basis of popular votes, the state's electors could vote for Richard M. Nixon or someone else if they wanted to. A similar situation exists in Ala-

bama, where only 5 of the 11 Democratic electors are pledged to back Kennedy, leaving the other 6—if Democrats carry the state—to vote for someone else.

In Mississippi there are two sets of Democratic electors, one pledged, while in Louisiana the states rights party has a set of unpledged electors.

If the electoral vote shapes up as a photo-finish on the basis of popular vote results, the unpledged electors could determine until Dec. 19 to make up their minds. They could vote for a third person.

Conceivably, neither Kennedy nor Nixon might get a majority of the electoral vote. To be declared elected, they must get a majority—269—not a plurality.

If the official electoral vote session of Congress shows that nobody received an electoral vote majority the election then would go to the House. There, each state would have one vote. The vote of each of the 50 state delegations would be determined by a majority of the delegation.

The House would elect only the president. Election of a vice-president, if the electoral college did not produce a clear majority, would be the job of the Senate.

Twice before the House has elected a president.

In 1801, the House elected Thomas Jefferson over Aaron Burr after each man received 73 electoral votes. It took the House 7 days and 36 ballots to settle on Jefferson.

Burr became vice president.

In 1825, Andrew Jackson received the most electoral votes but didn't become president. His electoral vote, 99, was short of a majority. John Quincy Adams had 84, William H. Crawford of Georgia 41, and Henry Clay 37.

There were only 24 states then and Adams received the vote of 13 House delegations and became president. Jackson got 7 and Crawford 4.

Four years later Jackson received a clear majority of the electoral vote and defeated Adams.

This Week Tough on Ohio Dems

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle forces "a tough week" for the Democrats in Ohio this week because of Vice President Richard M. Nixon's two-day campaign swing in this state.

"It will be a tough week for us," said the Democratic governor as he referred to the Tuesday and Wednesday whistlestop tour of Ohio by the GOP presidential nominee.

He added that the Democrats "will have to balance things out" after the Nixon visit but added he thinks the Democratic candidate for president Sen. John F. Kennedy, DiSalle said he will speak at a luncheon of the Lons Club in Urbana Wednesday, when Nixon stops in Columbus to speak from the Statehouse steps. He originally had planned to be in New York City that day to speak for Kennedy, but has moved that engagement to Nov. 2.

DiSalle also announced that when the Ohio General Assembly convenes Jan. 2 he will clamp on himself a ban against making any speeches or appearances outside of Columbus for the duration of the legislative session. He had a similar rule during last year's session of the general assembly.

Lodge To Introduce Nixon in Cincinnati

CINCINNATI (AP)—Henry Cabot Lodge, Republican candidate for vice president, was due to arrive by plane just before midnight tonight for an appearance with his running mate.

Lodge is to introduce the GOP presidential nominee, Vice President Richard M. Nixon, at a rally and national television address at 8 p. m. Tuesday night from Cincinnati Gardens.

Hamilton County Republicans plan to meet Lodges 11:35 p. m. arrival by chartered plane at Lunken City Airport and take the Lodge party in a motorcade to the hotel (the Sheraton-Gibson).

Lodge plans to meet Nixon Tuesday afternoon when the vice president's campaign train arrives after a whistle-stop tour across southern Ohio.

Kennedy Fires Blast at Nixon

WITH KENNEDY in Illinois (AP)—Sen. John F. Kennedy said today the Republican party "can count on Richard M. Nixon to lead its wrecking crew on Social Security."

The Democratic candidate, hitting at what he called ills of the U.S. economy under the Republican administration, swung into Illinois in a drive for the big, doubtful states 27 electoral votes. Kennedy told a warmly responsive crowd of about 3,000 at Rockford that the Republican party "has been consistent on one point—'it has attempted to wreck social security.'"

The partisan audience cheered when he said, "I think Illinois will go Democratic Nov. 8."

The audience shouted, "No!" when he read his version of the Republican record on care of the

Fifth Great Debate Planned If They Can Agree on Agenda

WASHINGTON (AP)—The major presidential candidates have agreed to try to arrange a fifth televised debate but disagree on whether it should be limited principally to the Cuban issue.

Vice President Richard M. Nixon and Sen. John F. Kennedy, in a sharp exchange of messages on the Cuban situation, said they were assigning representatives to try to work out details for another encounter.

Nixon, the Republican Candidate proposed a "debate in said the question could be stated, 'What should the United States government do about Castro?'"

The vice president did not say he would debate only on Cuba. But he told Kennedy that "unbiased observers agree" that the last two debates in some instances have become repetitious in covering subjects brought up previously.

Kennedy replied that he would "be pleased to discuss the whole record of Cuba with you," but said any further debate should cover many other subjects including, he said, "correcting any distortions made in the closing days of the campaign."

Kennedy has been pressing Nixon to agree to a fifth joint debate which Nixon has said would be difficult because of other commitments. But he said Sunday night he would try to rearrange his schedule "if I believe it would serve a constructive public purpose."

The candidates' telegraphic exchange contained barbs on other subjects.

Nixon told Kennedy, "I find it difficult to understand your continued public statements to the effect that 'I am afraid to meet you in debate.' Such a statement

is soporific and not worthy of one who is running for the highest office in this land. Furthermore, you know it is untrue."

Kennedy told Nixon, "The distortions of the record concerning my position on Cuba exceed any others you have made during this campaign. You have developed the technique of having your writers rewrite my statements, using these rewritten statements and attacking me for things I've never said or advocated."

Belief Abroad Puts Russia Ahead of U.S.

NEW YORK (AP)—CBS radio said today a secret American government report of Aug. 29 shows overwhelming belief abroad that Russia will be stronger militarily than the United States 10 years hence.

The network said this is the U.S. information agency report which Sen. J. W. Fulbright, D-Ark., contends the government is suppressing.

Saying it obtained its information from unimpeachable sources, CBS news issued this statement: "The report includes opinions of the Allied governments as well as public opinion polls abroad on a variety of questions connected with East-West military balance, to determine whether they consider Russia or the United States stronger today."

"The reaction was mixed, with a slight edge for Russia."

"On the question of who will be stronger in 1970, almost all pro-American of the nations, the polls came out favoring Russia over the United States."

"The only consolation in the report is the general belief that although Russia is getting stronger, the United States will still have the ability to launch a devastating retaliatory attack that will deter Soviet aggression."

CBS, which broadcast the story on its "World News Roundup," said the report was compiled by the USIA research division "at the request of the military conference on public relations in Paris last summer."

Name of New American President May Not Be Known until Dec. 19

WASHINGTON (AP)—If next month's election is as close as some experts think it will be, the name of the next president may not be known until Dec. 19, or even later.

That's when the electoral college meets to make official the results of the Nov. 8 voting.

Should the 537 electors representing the 50 states fail to produce a majority for anyone, the House of Representatives of the 87th Congress, which won't organize until next Jan. 3, will elect the new president.

It wouldn't be the first time that the electoral college deadlocked and threw the election into the lap of the House but the last time was 135 years ago.

The electors will be chosen by the voters in their respective states on Nov. 8. Each state is entitled to one elector for each member it has in the House and the Senate. While theoretically and traditionally they cast their votes for the presidential nominee who received the largest vote in

their state, they don't have to. As recently as 1956 an Alabama elector refused to give his vote to Adlai Stevenson, although Stevenson carried the state by 85,000 votes over President Dwight D. Eisenhower.

Nor do the electors of a state have to vote as a unit. The records show that on 41 occasions a state gave part of its electoral vote to one candidate and part to another.

The electors, selected in most states by party conventions or committees, will meet in their respective state capitals on Dec. 19 to cast their votes.

That's when complicated political situations in several states may figure in determining who will be the next president if the November voting is close.

Georgia's 12 Democratic electors are not pledged to support Kennedy. If Kennedy carried Georgia on the basis of popular votes, the state's electors could vote for Richard M. Nixon or someone else if they wanted to. A similar situation exists in Ala-

Fellow officers said he almost became the first policeman to go into orbit before he got the balloon to the station.

Police Chief Robert Temple today expressed thanks to all his men, sheriff's deputies and State

Highway Patrolmen for helping handle the huge crowds, especially at parade time. He also commended spectators for their fine cooperation in making room for emergency vehicles.

The State Highway Patrol trailer at Court and Main Sts. did its usual fine job in assisting the show. Business there included four first aid treatments, 15 requests to move cars, 26 lost children, 35 children seeking their parents, aiding in recovery of five lost articles, locating two doctors and aiding the police department in all activities. The trailer was manned by regular patrolmen and members of the American Legion Highway Patrol Auxiliary.

Announcer James Shea was startled during the parade Saturday night when two patrolmen jumped from the cruiser and "captured" him from the W. Main St. platform. Shea was placed in the cruiser and rode through the rest of the parade.

POLICE Chief Temple today urged no parking on Main St. starting at 1 a. m. Tuesday to allow workers to clean the street. He said the debris should be cleared by daylight Tuesday.

Fire Chief Talmer Wise said a whole bucket full of nails were picked up off the street during yesterday's giant cleaning task. He said many flat tires cropped up, too.

The crowd was terrific Saturday night. Following the parade it took at least 15 minutes to cross the Court and Main Sts. intersection.

Daniel Stuckey, 85, Route 1, received a cut on his right third finger when a cow stepped on his hand at home yesterday.

Brenda Lee Salyers, 2, daughter of Mr. and Mrs. Bill Salyers, Route 3, received a laceration of the left eyebrow when she fell in a car yesterday.

Jury Will Hear Escape Case

Two men accused of trying to break out of the Pickaway County Jail October 16 were referred to the grand jury here last week.

The men are Jack B. Powers, 29, Man, W. Va., and Jack L. Leake, 19, Huntington, W. Va. Each was placed under \$5,000 bond after appearing in Circleville Municipal Court. They pleaded guilty.

The men are accused of breaking a lock and attempting to force an outside window at the jail. The attempt was halted by Sheriff Charles H. Radcliff who discovered the plot while he was making a routine check of the jail.

Powers already had been bound to the jury in connection with a burglary at Tink's Tavern September 17. Leake was held for the jury on a forgery accusation.

aged and asked "is this a record of progress?"

Kennedy renewed his appeal for a medical care program for the aged tied to Social Security.

"Let me make it perfectly clear that I have always opposed specialized medicine—and that what the Republicans really oppose is adequate medical care. In 1933, they pretended that Social Security would Sovietize America. Did it?" he said.

Kennedy said the aged should be helped also with larger Social Security payments, better employment opportunities and more leeway in accepting paid work, low-cost housing and research on diseases affecting the later years.

He accused the Eisenhower administration of failing to work out a position on disarmament and letting conference after conference go by in "indifference and failure."

He renewed his proposals for increasing U. S. military power to better this country's bargaining position and for an arms control research institute to solve the technical problems of disarmament enforcement.

In Lacrosse, Kennedy said that on farm matters, Nixon is "using the exact same phrases as well as the exact same program that (Secretary of Agriculture Ezra Taft) Benson put forward."

S. P. Valentine Dies at Home

Prominent Farmer Felled by Coronary

Samuel Paul Valentine, 67, prominent Pickaway County farmer, died unexpectedly at 10 a. m. today of a coronary at his home on Route 188 about two miles east of here.

Mr. Valentine was born April 19, 1893, in Circleville, a son of Israel and Mabel Valentine. He was twice married, first to Mary Ducey Valentine, deceased, and to Grace Miller Valentine who survives.

He is survived by one stepson, Jack Miller, 904 S. Pickaway St., and three step-grandchildren.

Mr. Valentine was a member of the Lutheran Church and the BPO Elks of Circleville.

SERVICES will be held 11 a. m. Thursday in the Deffenbaugh Funeral Home, with the Rev. Carl Zehner officiating. Burial will be in Forest Cemetery.

Highway Patrolmen for helping handle the huge crowds, especially at parade time. He also commended spectators for their fine cooperation in making room for emergency vehicles.

The State Highway Patrol trailer at Court and Main Sts. did its usual fine job in assisting the show. Business there included four first aid treatments, 15 requests to move cars, 26 lost children, 35 children seeking their parents, aiding in recovery of five lost articles, locating two doctors and aiding the police department in all activities. The trailer was manned by regular patrolmen and members of the American Legion Highway Patrol Auxiliary.

Announcer James Shea was startled during the parade Saturday night when two patrolmen jumped from the cruiser and "captured" him from the W. Man St. platform. Shea was placed in the cruiser and rode through the rest of the parade.

POLICE Chief Temple today urged no parking on Main St. starting at 1 a. m. Tuesday to allow workers to clean the street. He said the debris should be cleared by daylight Tuesday.

Fire Chief Talmer Wise said a white bucket full of nails were picked up off the street during yesterday's giant cleaning task. He said many flat tires cropped up, too.

The crowd was terrific Saturday night. Following the parade it took at least 15 minutes to cross the Court and Main Sts. intersection.

Jury Will Hear Escape Case

Two men accused of trying to break out of the Pickaway County Jail October 16 were referred to the grand jury here last week.

The men are Jack B. Powers, 29, Man, W. Va., and Jack L. Leake, 19, Huntington, W. Va. Each was placed under \$5,000 bond after appearing in Circleville Municipal Court. They pleaded guilty.

The men are accused of breaking a lock and attempting to force an outside window at the jail. The attempt was halted by Sheriff Charles H. Radcliff who discovered the plot while he was making a routine check of the jail.

Powers already had been bound to the jury in connection with a burglary at Tink's Tavern September 17. Leake was held for the jury on a forgery accusation.

Spanglers Win Hog-Call Show

The annual Hog Calling Contest, Staturday night, was won by two Spanglers this year.

Sally Spangler, a student at White Cross Hospital, and Marvin Spangler, Adelphi, are the 1960 Champion Hog Callers.

Six men and six women competed in the annual event while a huge crowd of amused spectators looked on.

Several of the contestants return year after year to participate with other top hog callers of central Ohio.

Second place in the women's class was won by Mrs. Loren Fogler, Route 2, Laurelville; Viola Wright, Chillicothe, received third prize.

C. E. Counts, Chillicothe, was runner-up in the men's class; Rex McIntosh, Pataskala, O., won the third award.

Town Tavern Burglarized

The Pickaway County Sheriff's Department yesterday investigated a burglary at the Town Tavern in Tarlton.

Mrs. George Karshner of the Tavern said approximately \$160 was taken. She said the money, all in change, was taken from a cash register, a shuffle board and a juke box.

Deputy Dwight Radcliff said the cash register and the money compartments of the shuffle board and juke box were forced. He said entry to the tavern was made by forcing a front door.

Mrs. Karshner told Radcliff \$40 of the change was taken from the cash register, \$60 from the shuffle board and \$60 from the juke box.

Deputies continued the investigation today.

Steel Prices To Be Steady

No Boost Expected When Pay Is Hiked

CLEVELAND (AP)—Steel, the weekly trade journal, reported today that steel buyers visualize no price increase when industry wages go up an average of 8.4 cents an hour Dec. 1.

Steel said consumers cite two reasons which would substantiate this:

1. Competitive pressures from other materials and imported steel.

2. The industry's distaste for being the "whipping boy of some critics."

The last price boost in August 1958 came when the market was produced at less than 60 per cent of capacity, and consumers tend not to regard lack of demand as a strong deterrent to high prices, the publication said.

In the event of a price hike in tin plate, Steel said, canmakers would be inclined to hedge because 65 per cent of the cost of the can is in the metal.

The journal said optimism for an upturn in steel demand was brightened due to the sale rate of new U.S.-made cars in the first third of October—19,625 per day.

The U.S. exported 328,000 net tons of steel and imported 184,000 tons in August, reported Steel. For the first eight months, exports totaled 2,125,000 tons as compared with 1,386,000 tons in the corresponding period last year and 1,694,000 tons in all of 1958. Imports through August totaled 2,577,000 tons as compared with 2,665,000 tons in the corresponding period last year. Ingot rate production was about 1,556,000 tons last week with steelmakers operating at 54.6 per cent of capacity—0.8 percentage point below the previous weeks revised rate.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Afternoon temperatures over Ohio on Sunday ranged from 54 at Toledo to as high as 64 at Columbus and 69 at Chesapeake.

Much cooler air pushed over the state during the night and by this morning readings were near freezing over the northern half of the state and snow flurries were falling at Youngstown and Akron.

Some low temperatures were Toledo 31, Dayton 32, and Youngstown 31.

A high pressure will dominate the state today with rather strong northwest winds and lower temperatures. By Tuesday morning, there will be a light freeze over most of the state.

Afternoon temperatures Tuesday will be slightly higher as winds shift to southeasterly, and there will be a slight chance of a few showers late Tuesday.

OHIO FIVE-DAY FORECAST
Temperatures will average near normal. Normal high 58-62, normal low 39 - 41. Cooler Wednesday, warmer Friday and Saturday. Chance of scattered showers Tuesday night.

Clermont Official Due To Surrender

BATAVIA, Ohio (AP)—Con Ison, Clermont County commissioner, was to surrender today to face an indictment on four counts of bribery involving contributions by builders.

The county grand jury returned the indictment Friday after 26 days of study in which it heard 26 witnesses.

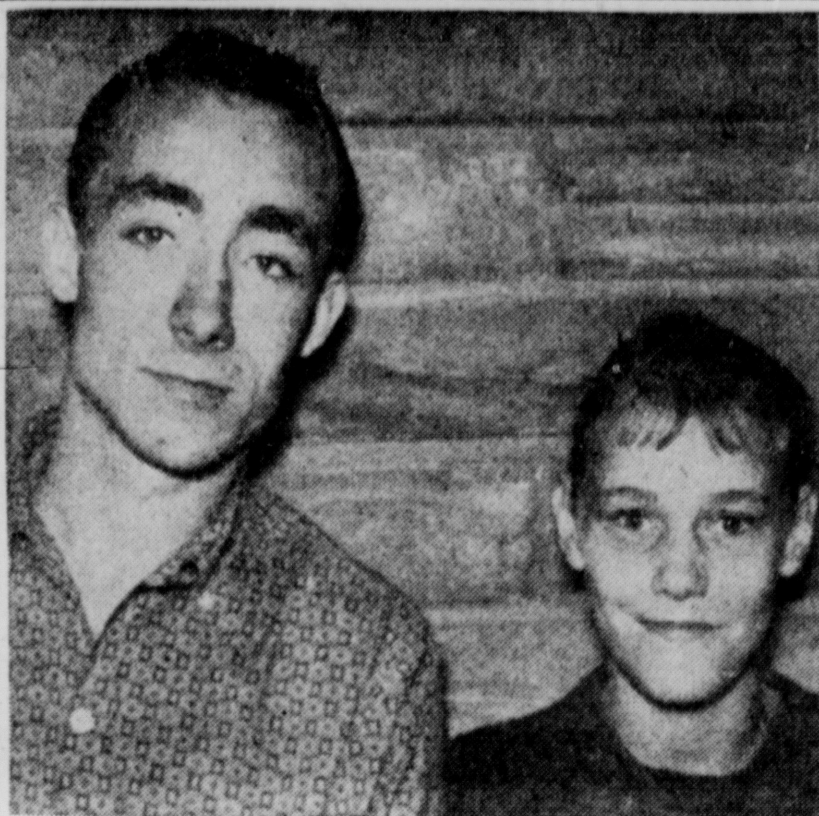

Ison, who seeks reelection Nov. 8, was charged with accepting \$1,500 from Cherry Grove Plaza, \$200 from Carl Finn and James Hall, \$200 from Gene Romohr via John Hall and \$50 from Early Jackey. Th probe grew out of what Ison called an amended statement of primary campaign expenses, which he filed last month.

In it he listed \$450 in contributions by the Halls, Finn and Jackey. In his first statement, he listed no contributions.

Cleveland GE Workers Due Back on Jobs

CLEVELAND (AP)—Resumption of work starts today at the General Electric Co.'s 16 plants in Greater Cleveland which were involved in a nationwide strike by the International Union of Electrical Workers.

Summoning of employees back to work by telephone was started by division foremen shortly after a strike settlement was reached in New York Saturday night.

The company said in an advisory message to plant guards that most workers were expected to be back on their regular shifts today.

The plans here were closed Oct. 2 when 2,800 members of IUE Local 707 joined in the strike.

David Fitzmaurice, president of the local, said its membership did not like the company's offer "today any more than we did Sept. 5 when we turned it down by a 5-to-1 vote."

"We are unhappy," he said Sunday. "This strike has left scars and memories it will take a long time to erase."

The IUE-GE agreement was almost identical to the company's pre-strike offer.

A GE spokesman said Sunday night that a "vast majority" of the employees would resume work today and that by the end of the week the plants here should be in full production.

He explained that some workers would be delayed in the return to their jobs because of the displacement of raw materials.

Some 1,000 workers at GE's Ohio Lamp Division at Warren started returning to work Sunday. The firm's Trumbull Lamp Division at Warren and two divisions in Niles were not affected by the strike.

French Police Seek Algerian Terror Mob

PARIS (AP)—Squads of French police combed Paris today for Algerian terrorists who fought a brief small-scale war in the heart of the capital against special Moslem police recruited to suppress them.

Two of the terrorists were killed and seven of the Algerian policemen wounded in the battles Sunday night, all in the old student and artists quarter on the Left Bank of the Seine.

Five police posts were attacked with grenades, machine guns and pistols. Terrorists in cars cruised the area, shooting at any policeman in sight.

When police reinforcements arrived, the Algerians fled. Some commandeered taxis to make their getaway.

Later police swooped down on 10 Left Bank hotels and rounded up 70 Algerians for questioning.

The biggest engagement came on the busy Avenue de la Gare in Montparnasse, a section where many expatriate Americans live. Before the Algerian gunmen fled, two of their number were killed and five of the police auxiliaries were wounded.

The other casualties resulted from the attack on another police post not far off.

At one time spies were believed to have the power to ward off evil airs bearing disease. They were added to magic potions and sold to inspire love, fear or hate.

Fire Department Makes Two Runs

The Circleville Fire Department answered two calls yesterday.

At 4:20 a. m. the emergency ambulance transported George Mains of Chillicothe to Berger Hospital.

He suffered a fall on S. Court St. At midnight the department investigated a car fire at Court and Main Sts. No damage was reported.

CAMPAIGN FODDER — Arrows locate the Chinese Nationalist islands of Matsu and Quemoy, which bulwark Formosa's defense against the Communist mainland, and which Senator Kennedy says should not be allowed to drag the U.S. into war, although he favors defending Formosa. Vice President Nixon argues that if Kennedy is elected, the Communists will quickly seize the islands and thus the U.S. could be dragged into "another Korea" in defending Formosa.

Bomb Blast Rocks Gotham Ferryboat

NEW YORK (AP)—A bomb explosion rocked a city ferryboat Sunday as it crossed New York Bay from Manhattan to Staten Island. There was no panic and none of the 100 passengers was injured.

The blast was the fourth in the city in three weeks. Three explosions occurred on Sundays, the fourth on a holiday.

The explosion was aboard the ferryboat Knickerbocker at 5:50 p.m. near the Statue of Liberty—10 minutes after it had left Manhattan for the 24-minute, 5-mile ride to Staten Island.

Th blast shattered several benches, blasted a two-foot wide hole in a deck, started a small fire and sent splinters flying.

Captain George La Rue, 64, said he felt a "terrific blast." He reduced speed and radioed the ferry terminal at Richmond, on Staten Island.

Hattie Roy, who works at the women's lunch counter, was going on deck when she was shaken by the blast. She turned and saw a "bit blaze and a lot of smoke," she said.

After the ferry docked at Staten Island, the exits were sealed and police questioned the passengers. A few hours later all had been released.

All the recent bombs have been crudely made, low-charge devices, ignited by a fuse. All were set in the late afternoon.

Wittenberg Is Picked For Role in New Film

SPRINGFIELD, Ohio (AP)—Wittenberg University is one of six American colleges and universities selected by the U. S. Information Agency to be featured in a new film, "Higher Education in the United States." Dr. W. Emerson Reck, Wittenberg's vice president, announced today that filming of the Springfield school's campus life probably will be done from Oct. 31 to Nov. 4. About four minutes of the movie will be devoted to Wittenberg, Reck said.

A hurricane that hit Florida in November, 1935, was called "Yankee Storm because it moved in from the north.

Steel Prices To Be Steady

No Boost Expected When Pay Is Hiked

CLEVELAND (AP)—Steel, the weekly trade journal, reported today that steel buyers visualize no price increase when industry wages go up an average of 8.4 cents an hour Dec. 1.

Steel said consumers cite two reasons which would substantiate this:

1. Competitive pressures from other materials and imported steel.
2. The industry's distaste for being the "whipping boy of some critics."

The last price boost in August 1958 came when the market was produced at less than 60 per cent of capacity, and consumers tend not to regard lack of demand as a strong deterrent to high prices, the publication said.

In the event of a price hike in tin plate, Steel said, canmakers would be inclined to hedge because 65 per cent of the cost of the can is in the metal.

The journal said optimism for an upturn in steel demand was brightened due to the sale rate of new U.S.-made cars in the first third of October—19,625 per day.

The U.S. exported 328,000 net tons of steel and imported 184,000 tons in August, reported Steel. For the first eight months, exports totaled 2,125,000 tons as compared with 1,386,000 tons in the corresponding period last year and 1,694,000 tons in all of 1959. Imports through August totaled 2,577,000 tons as compared with 2,665,000 tons in the corresponding period last year. Ingot rate production was about 1,556,000 tons last week with steelmakers operating at 54.6 per cent of capacity—0.8 percentage point below the previous weeks revised rate.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Afternoon temperatures over Ohio on Sunday ranged from 54 at Toledo to as high as 64 at Columbus and 69 at Chesapeake.

Much cooler air pushed over the state during the night and by this morning readings were near freezing over the northern half of the state and snow flurries were falling at Youngstown and Akron.

Some low temperatures were Toledo 31, Dayton 32, and Youngstown 31.

A high pressure will dominate the state today with rather strong northwest winds and lower temperatures. By Tuesday morning, there will be a light freeze over most of the state.

Afternoon temperatures Tuesday will be slightly higher as winds shift to southeasterly, and there will be a slight chance of a few showers late Tuesday.

OHIO FIVE-DAY FORECAST
Temperatures will average near normal. Normal high 58-62, normal low 39-41. Cooler Wednesday, warmer Friday and Saturday. Chance of scattered showers Tuesday night.

Clermont Official Due To Surrender

BATAVIA, Ohio (AP)—Con Ison, Clermont County commissioner, was to surrender today to face an indictment on four counts of bribery involving contributions by builders.

The county grand jury returned the indictment Friday after three days of study in which it heard 26 witnesses.

Ison, who seeks reelection Nov. 8, was charged with accepting \$1,500 from Cherry Grove Plaza, \$200 from Carl Finn and James Hall, \$200 from Gene Romohr via John Hall and \$50 from Early Jackey.

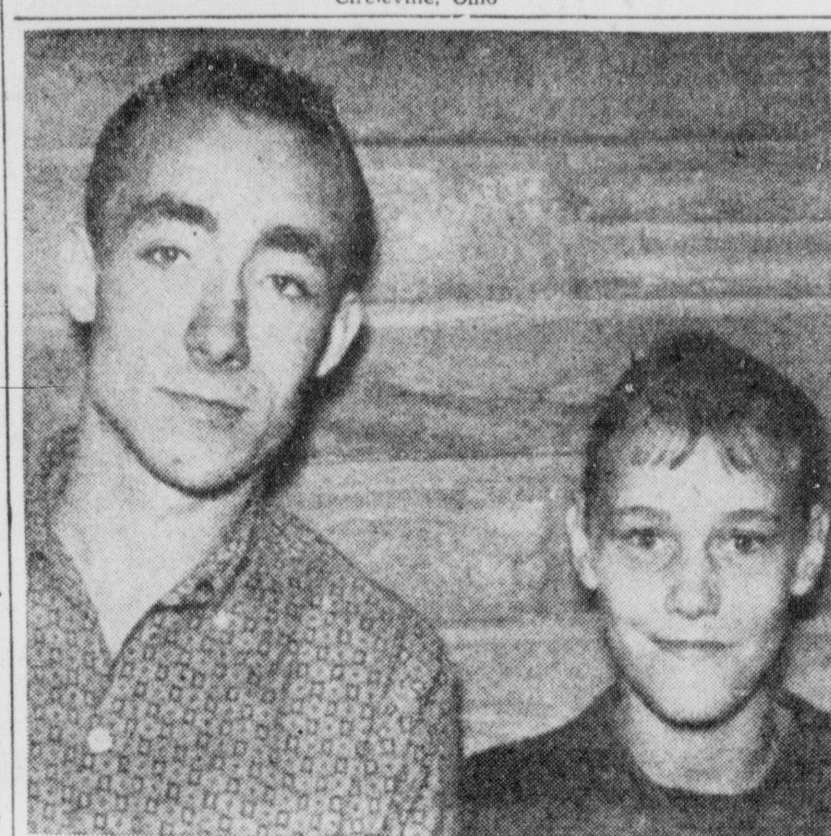

Th probe grew out of what Ison called an amended statement of primary campaign expenses, which he filed last month.

In it he listed \$450 in contributions by the Halls, Finn and Jackey. In his first statement, he listed no contributions.

Cleveland GE Workers Due Back on Jobs

CLEVELAND (AP)—Resumption of work starts today at the General Electric Co.'s 16 plants in Greater Cleveland which were involved in a nationwide strike by the International Union of Electrical Workers.

Summoning of employees back to work by telephone was started by division foremen shortly after a strike settlement was reached in New York Saturday night.

The company said in an advisory message to plant guards that most workers were expected to be back on their regular shifts today.

The plans here were closed Oct. 2 when 2,800 members of IUE Local 707 joined in the strike.

David Fitzmaurice, president of the local, said its membership did not like the company's offer "to do any more than we did Sept. 5 when we turned it down by a 5-to-1 vote."

"We are unhappy," he said Sunday. "This strike has left scars and memories it will take a long time to erase."

The IUE-GE agreement was almost identical to the company's pre-strike offer.

A GE spokesman said Sunday night that a "vast majority" of the employees would resume work today and that by the end of the week the plants here should be in full production.

He explained that some workers would be delayed in the return to their jobs because of the displacement of raw materials.

Some 1,000 workers at GE's Ohio Lamp Division at Warren started returning to work Sunday. The firm's Trumbull Lamp Division at Warren and two divisions in Niles were not affected by the strike.

French Police Seek Algerian Terror Mob

PARIS (AP)—Squads of French police combed Paris today for Algerian terrorists who fought a brief small-scale war in the heart of the capital against special Moslem police recruited to suppress them.

Two of the terrorists were killed and seven of the Algerian policemen wounded in the battles Sunday night, all in the old student and artists quarter on the Left Bank of the Seine.

Five police posts were attacked with grenades, machine guns and pistols. Terrorists in cars cruised the area, shooting at any policeman in sight.

When police reinforcements arrived, the Algerians fled. Some commandeered taxis to make their getaway.

Later police swooped down on 10 Left Bank hotels and rounded up 70 Algerians for questioning.

The biggest engagement came on the busy Avenue de la Gare in Montparnasse, a section where many expatriate Americans live. Before the Algerian gunmen fled, two of their number were killed and five of the police auxiliaries were wounded.

The other casualties resulted from the attack on another police post not far off.

At one time spies were believed to have the power to ward off evil airs bearing disease. They were added to magic potions and sold to inspire love, fear or hate.

Mrs. Jones Wins Flower Show Prize

Mrs. Richard Jones, Salt Creek Twp., was awarded best of show Sunday at her arrangement, The Churches, at the Flower Show, 123 E. Franklin St.

Judges were Mrs. John Butler, Columbus, and Mrs. Frank Cooper, Piketon.

Winners of the most points in specimens and house plants were Mrs. Kelson Bower, 1st; Mrs. Turney Pontius, 2nd; and Mrs. Marvin Jones, 3rd.

Awards were presented by the Pickaway Garden Club. Gorham silver bowls were presented by the Pumpkin Show committee to Mrs. Schubert Measamer and Mrs. Jones, best arrangers of the 1960 Flower Show.

Mrs. G. Guy Campbell and committee were in charge.

Motorist Pays the Freight

Motorists as a group of taxpayers contribute more to the total cost of government in the United States than any other single user, profession or occupation. Motoring levies are next only to personal and corporate income taxes as sources of revenue for federal and state governments, and to a growing degree, local governments as well.

This year \$12 billion is being collected from users of automobiles in more ways than there are models of cars on the roads. From the day a buyer drives a new or used car from the showroom or lot, he is the favorite sugar daddy for any government revenue body in quest of a source of additional income.

Excise and sales taxes on the purchase of a new car, 47 per cent of every dollar spent for gasoline, levies on motor oil and repair parts, road and bridge tolls, license fees and personal property taxes are all part of the cost of family transportation as imposed by government. Most cities prohibit parking of automobiles on downtown streets paid for by automotive taxes unless additional taxes are paid by the hour via parking meters.

New York City has gone so far as to collect a 3 per cent sales tax on gasoline sales, computed on top of the other federal and state taxes. State gasoline taxes, ranging throughout the nation from 4 to 7 cents a gallon, now average nationally more than 6 cents. The federal government collects 4 cents a gallon for itself, in-

cluding 2 cents per gallon for the interstate highway program, 1 cent "temporary" taxation for the Korean War, and the original cent dating back into the 1930s which presumably was needed as a starter.

One of the interstate highway program penny-per-gallon taxes is due to expire June 30, 1961, but don't wager Congress will relinquish its hold on \$600 million so readily. Over the last 25 years \$5.5 billion has been diverted from automotive tax funds by the states alone for purposes not in any way related to motoring or highway maintenance.

Despite a rising tide of indignation over the unscrupulous resort to the motorist's pocket on the pretense that the expenditure is wholly for the benefit of the traveling public, only to have a continual drain of such funds into a general treasury, the practice continues.

Gasoline prices have increased 5 per cent in the last 10 years. Gasoline taxes have increased 5 per cent in the same period, while the cost of living increased 2 per cent.

Bootlegging Is Big Business

What are the odds against your having a mentally retarded child? They are 33-1.

Americans drink four times as much coffee as all the rest of the world's inhabitants. If you desire 52 gallons a year, or a barrel every 10 months, you're about average.

The World Today

By James Marlow

WASHINGTON (AP)—Were the presidential candidates four TV debates worthwhile? They had a special value for Sen. John F. Kennedy and for the voters, too, in the chance they got to form impression of the two men in action side by side.

But, from the standpoint of solid information on issues and programs, their value is questionable.

A lot of voters probably will make their choice on what they thought came through their TV screens: personality, sincerity or the lack of it, wisdom, forthrightness or self-righteousness.

Compared with Vice President Richard M. Nixon who had been in the public eye eight years, Kennedy was a virtual unknown until the debates enabled him to appear four times in dispute with Nixon before an estimated 60 to 70 million people.

Nixon, because he was so much better known, had little to gain from the debates unless he could demolish Kennedy. No one suggests he did. A very sketchy Associated Press poll indicates Kennedy perhaps benefited more.

But just how much solid information the voters got from the debates is something else. After all their campaigning and three debates Nixon and Kennedy, when the fourth began, were still not agreed on what the issues are.

Last Friday night Nixon insisted the issues were how to extend freedom without war, and peace without surrender while America moved forward in defense, economic growth, and diplomatic firmness.

Kennedy said this was no issue, since everyone wants peace and security, but that this was: Are we moving toward peace and security, is our relative strength growing, and is our prestige up or down?

If this sounded like hair-splitting, it was nevertheless typical of

this campaign in which the candidates don't differ on goals but only on the means for reaching them. Neither has really contributed any new ideas.

Nixon, as he told newsmen he would before the campaign began, has talked largely in generalities, gone light on details. Kennedy has been much more specific, sometimes perhaps too laboriously so.

Both approaches can be interpreted as showing some misunderstanding of the electorate.

It can be assumed that Nixon doubts the voters are interested in details. Yet details are the bricks and mortar in building and intelligent understanding of a problem.

Kennedy, by pumping out a flood of facts and statistics and historical references without explaining background, seems to assume voters are as well informed as he is.

Nixon appears to have a better sense of the dramatic—in facial expression and selecting ideas to emphasize. Kennedy gives this writer the impression of a man who spent his life reading history, not literature.

This campaign has been distinguished by a supreme absence of notable phrasing. Maybe it's because both candidates prefer

talking off the cuff to using prepared speeches.

Neither has been able to convey the friendliness of an Eisenhower, the homely humanness of a Truman, or the eloquence of a Roosevelt who could express the aspirations of a whole generation in a single sentence.

They Are Spying, Too

By George Sokolsky

Eugene Dennis, the head of the Communist Party of the United States, has been known as Frank Waldron and as Paul Walsh. It is not unusual for Communists to use a variety of names.

Lenin's true name was Ulanov; Stalin's true name was Djughashvili; Trotsky's correct name was Bronstein. So Frank Waldron, born at Seattle, used the name of Eugene Dennis.

But this is not my story. What I am coming to is his son, Timothy. When Dennis was still Waldron, he fell in love with Regina Karasick Schneiderman, the wife of a Communist colleague.

Reggie (Regina) was born in Brooklyn. The Schneiders were divorced. A son was born to the Waldrons who, at that particular moment, were using the name of Walsh. Thus it appears that Regina Karasick Walsh was traveling in Europe in 1931 with her son, Timothy Walsh, who was born in Los Angeles, California on November 30, 1929.

It is clear from the record and photographs that Reggie Karasick Schneiderman is the same person as Reggie Karasick Walsh and from the date and place and photographs, it is clear that Timothy

Walsh is the son of Eugene Dennis.

In 1930, Frank Waldron got into difficulties with the Los Angeles police. He was arrested, jumped bail and escaped to Russia. There he was joined by his wife and Timothy. It was during this first visit that Waldron-Walsh became Eugene Dennis. In 1935, he returned to the United States, but there is no evidence or record of Timothy ever returning to the United States as Timothy Walsh or Waldron or Dennis.

Here the story of Timothy Walsh or Timothy Waldron passes from view. But among Nikita Khrushchev's close and intimate advisers, who came to this country for the United Nations General Assembly, was Timur Timofeevich Timofeev. While in New York, Timothy stayed at the Sulgrave Hotel for a part of the time; then moved into the Russian Embassy.

Having seen photographs of young Timothy Walsh, of his father, Eugene Dennis, and his mother, Regina Karasick, it is impossible not to believe that Timur Timofeevich Timofeev is other than the Timothy Walsh who disappeared in Soviet Russia between 1931 and 1935. Also, the two are of the same age. It would be conclusive that Eugene Dennis gave his son to the cause of which he is now the American chief.

Therefore, it is interesting to assume that one of Nikita Khrushchev's principal advisers on American affairs is a native American, whatever his present citizenship may be.

Although I have no doubt whatsoever that I am right about this, futile efforts have been made to discuss this with Timur. Two reporters asked for Timur at the Sulgrave Hotel. Immediately thereafter he was moved from the Sulgrave Hotel to the Russian Embassy on Park Avenue and he was only seen thereafter in Khrushchev's automobile. He refused to see reporters, although they saw him. He declined to meet any newspapermen or to answer any questions.

There is little significance in all this except for the fact that there are a number of Americans—that is persons who are entitled to have American passports—who are serving Soviet Russia in the United States. In fact, there are a number of Americans who have made Mexico their headquarters and who operate a sort of United States government in exile.

In Mexico and in Cuba, Soviet Russia centers an espionage system not only for Latin America but on the United States. Regarding the latter, practically all the operatives are American citizens. Many of them are former Fifth Amendment Communists.

When Khrushchev makes such a fuss about the U-2, how does it happen that no American voice is raised concerning his espionage operations within the United States?

Why was he not asked on David

Susskind's program to explain

why his trawlers cut our cables in the Atlantic? Why was he not asked about Russian planes flying over Alaska, of which our authorities have photographs? Why was he not asked about the trawlers and submarines which sail close to our coast to watch our rocket and missile tests? Why was he not asked about Americans who act as Russian spies?

In a word, Khrushchev uses native Americans to spy on us and then shouts about our employing whatever means we can to defend ourselves. Those who protest the U-2 forget the Rosenberg case, forget the Alger Hiss case, and many others.

Life Story of John F. Kennedy

Illustrated by A. S. Packer
Text by Ralph Hollenbeck

Politics and perseverance were the heritage of John Fitzgerald Kennedy when he was born May 29, 1917, in Brookline, Mass., the second child of Rose and Joseph Kennedy. Young Jack's grandfathers were veteran political campaigners. "My son was rocked to political lullabies," Rose Kennedy recalls. His paternal grandfather, Patrick F. Kennedy, was a Massachusetts state senator; his maternal grandfather, the colorful John F. "Honey Fitz" Fitzgerald, became mayor of Boston and, ironically, an unsuccessful candidate for the U.S. Senate against the grandfather of Henry Cabot Lodge, Republican Vice Presidential nominee in 1960. Jack's father's ambition to endow each of his children with \$1,000,000 bore fruit by his becoming one of the richest Americans...

... As the elder Kennedy's financial transactions prospered, the Kennedy clan moved from one big city suburb to another, finally settling in Bronxville, N.Y. Jack attended a Catholic academy in Connecticut for a year before switching to an Episcopal prep school. His interests in school were more athletic than academic—football and swimming. Later a back injury kept him from the Harvard football varsity, but his skill in swimming earned him a place on that team...

... Young Jack Kennedy was no honor student at either Canterbury or Choate (he graduated 64th in a class of 112 in 1935), but he was voted "most likely to succeed" by his class. Years later Choate selected Jack as "alumnus of the year," ranking him with two other noted alumni, Adlai Stevenson and Chester Bowles. Kennedy was now ready to enter Harvard...

Motorist Pays the Freight

Motorists as a group of taxpayers contribute more to the total cost of government in the United States than any other single user, profession or occupation. Motor levies are next only to personal and corporate income taxes as sources of revenue for federal and state governments, and to a growing degree, local governments as well.

This year \$12 billion is being collected from users of automobiles in more ways than there are models of cars on the roads. From the day a buyer drives a new or used car from the showroom or lot, he is the favorite sugar daddy for any government revenue body in quest of a source of additional income.

Excise and sales taxes on the purchase of a new car, 47 per cent of every dollar spent for gasoline, levies on motor oil and repair parts, road and bridge tolls, license fees and personal property taxes are all part of the cost of family transportation as imposed by government. Most cities prohibit parking of automobiles on downtown streets paid for by automotive taxes unless additional taxes are paid by the hour via parking meters.

New York City has gone so far as to collect a 3 per cent sales tax on gasoline sales, computed on top of the other federal and state taxes. State gasoline taxes, ranging throughout the nation from 4 to 7 cents a gallon, now average nationally more than 6 cents. The federal government collects 4 cents a gallon for itself, in-

cluding 2 cents per gallon for the interstate highway program, 1 cent "temporary" taxation for the Korean War, and the original cent dating back into the 1930s which presumably was needed as a starter.

One of the interstate highway program penny-per-gallon taxes is due to expire June 30, 1961, but don't wager Congress will relinquish its hold on \$600 million so readily. Over the last 25 years \$5.5 billion has been diverted from automotive tax funds by the states alone for purposes not in any way related to motoring or highway maintenance.

Despite a rising tide of indignation over the unscrupulous resort to the motorist's pocket on the pretense that the expenditure is wholly for the benefit of the traveling public, only to have a continual drain of such funds into a general treasury, the practice continues.

Gasoline prices have increased 5 per cent in the last 10 years. Gasoline taxes have increased 5 per cent in the same period, while the cost of living increased 2 per cent.

SPOOKS—The Haagenson youngsters get a little ahead of the season with these lugubrious pumpkin heads in Brodhead, Wis. Under the trick or treat "masks" are (from left) Eileen, 6; James, Jr., 7; Karen, 9; Robert, 10; Edward, 11.

They Are Spying, Too

By George Sokolsky

Eugene Dennis, the head of the Communist Party of the United States, has been known as Frank Waldron and as Paul Walsh. It is not unusual for Communists to use a variety of names.

Lenin's true name was Ulanov; Stalin's true name was Djughashvili; Trotsky's correct name was Bronstein. So Frank Waldron, born at Seattle, used the name of Eugene Dennis.

But this is not my story. What I am coming to is his son, Timothy. When Dennis was still Waldron, he fell in love with Regina Karasick Schneiderman, the wife of a Communist colleague.

Reggie (Regina) was born in Brooklyn. The Schneiders were divorced. A son was born to the Waldrons who, at that particular moment, were using the name of Walsh. Thus it appears that Regina Karasick Walsh was traveling in Europe in 1931 with her son, Timothy Walsh, who was born in Los Angeles, California on November 30, 1929.

It is clear from the record and photographs that Reggie Karasick Schneiderman is the same person as Reggie Karasick Walsh and from the date and place and photographs, it is clear that Timothy

Walsh is the son of Eugene Dennis.

In 1930, Frank Waldron got into difficulties with the Los Angeles police. He was arrested, jumped bail and escaped to Russia. There he was joined by his wife and Timothy. It was during this first visit that Waldron-Walsh became Eugene Dennis. In 1935, he returned to the United States, but there is no evidence or record of Timothy ever returning to the United States as Timothy Walsh or Waldron or Dennis.

Here the story of Timothy Walsh or Timothy Waldron passes from view. But among Nikita Khrushchev's close and intimate advisers, who came to this country for the United Nations General Assembly, was Timur Timofeevich Timofeev. While in New York, Timothy stayed at the Sulgrave Hotel for a part of the time; then moved into the Russian Embassy.

Having seen photographs of young Timothy Walsh, of his father, Eugene Dennis, and his mother, Regina Karasick, it is impossible not to believe that Timur Timofeevich Timofeev is other than the Timothy Walsh who disappeared in Soviet Russia between 1931 and 1935. Also, the two are of the same age. It would be conclusive that Eugene Dennis gave his son to the cause of which he is now the American chief.

Therefore, it is interesting to assume that one of Nikita Khrushchev's principal advisers on American affairs is a native American, whatever his present citizenship may be.

Although I have no doubt whatsoever that I am right about this, futile efforts have been made to discuss this with Timur. Two reporters asked for Timur at the Sulgrave Hotel. Immediately thereafter he was moved from the Sulgrave Hotel to the Russian Embassy on Park Avenue and he was only seen thereafter in Khrushchev's automobile. He refused to see reporters, although they saw him. He declined to meet any newspapermen or to answer any questions.

There is little significance in all this except for the fact that there are a number of Americans—that is persons who are entitled to have American passports—who are serving Soviet Russia in the United States. In fact, there are a number of Americans who have made Mexico their headquarters and who operate a sort of United States government in exile.

In Mexico and in Cuba, Soviet Russia centers an espionage system not only for Latin America but on the United States. Regarding the latter, practically all the operatives are American citizens. Many of them are former Fifth Amendment Communists.

When Khrushchev makes such a fuss about the U-2, how does it happen that no American voice is raised concerning his espionage operations within the United States?

Why was he not asked on David Susskind's program to explain

why his trawlers cut our cables in the Atlantic? Why was he not asked about Russian planes flying over Alaska, of which our authorities have photographs? Why was he not asked about the trawlers and submarines which sail close to our coast to watch our rocket and missile tests? Why was he not asked about Americans who act as Russian spies?

In a word, Khrushchev uses native Americans to spy on us and then shouts about our employing whatever means we can to defend ourselves. Those who protest the U-2 forget the Rosenberg case, forget the Alger Hiss case, and many others.

Pope Gives Thankful Prayer for Peace

VATICAN CITY (AP) — Pope John XXIII said today "troubles are reported every day from all over the world, but thank God we have no war and we pray Him to keep war away from men."

This remark was made by the pontiff during a general audience in the Hall of Benedictions in the Vatican Palace, more than 2,000 persons attended the audience.

"We also pray God to let humankind enjoy His peace," the Pope said.

Third Quarter Appears Better Than Second

Corporate Reports Bring Some Cheers, Some Disappointments

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—You can prove almost anything you want to by the first crop of third quarter profit reports. And stock traders and politicians will draw the conclusions they favor.

Some of the earnings reports are glowing—and all right with the world for those lucky corporations.

Some of the reports are dismal. For these companies it doesn't matter whether you call it a recession, or a readjustment, or a squeeze on profit margins—last year was better.

The squeezed companies have disheartened Wall Street. But just about as many companies are reporting increased net income after taxes in the summer quarter this year as are revealing declines.

And among those with record or near-record earnings in the third quarter are some of the industrial and utility giants. They weigh the scales heavily more than offsetting at today's tally the declines reported by many others.

On the whole, the third quarter is giving a much better accounting of itself to date than did the second quarter, when the profit squeeze toppled earnings 12 percent below the previous year.

The flood tide of third-quarter reports is expected this week, and next. Only when they are in can a reasonably conclusive accounting of business earnings be had.

But day by day interest in corporate earnings is running high. The early reports are more closely scanned than usual, both by those seeking a clue to which way the economy is headed and how far it's likely to go in the direction it takes and by those seeking to find political significance in the health of business and the light that earnings may shed on economic growth.

So here are the early reports. Of 204 corporations heard from so far this year, 98 are ahead, while 98 are behind, and last year 13 did.

Combined profits of the 204 were \$1045,903,000, up 4.3 percent from the \$1,001,094,000 made by the same companies in the summer of 1959.

But if the big gains made by such giants in their fields as American Telephone & Telegraph, International Business Machines and General Foods are ignored, the rest of the list would show a decline.

The cross currents are especially treacherous this time.

First, the rolling readjustment, if that's what it is, has toppled some industries from their profit peaks while leaving others still climbing.

Second, the comparison of the 1960 period is with the steel strike-distorted period of a year ago.

Third, unlike most previous postwar years, this time rising sales totals don't always spell higher profits—for many costs have risen more than prices.

Ohio Press Club Adds Trio to Honor List

COLUMBUS, Ohio (AP)—The Press Club of Ohio has added a retired judge, a medical college dean and a magazine illustrator to its list of recipients of its "distinguished service to Ohio" awards. To be honored at the club's second annual headlines night here Nov. 4 are Florence Allen of Cleveland, retired judge of the U.S. Court of Appeals, Sixth District; Dr. Charles A. Doan, retiring dean of Ohio State University's College of Medicine, and Jon Whitcomb, an Ohio State graduate who is one of the country's leading magazine illustrators. Previously announced recipients of the award are playwright Russell Crouse, industrial Harvey S. Firestone Jr. and magazine editor Willard Kiplinger.

BUYING THE TIGERS—Radio executive John Fetzer (above) announced in Kalamazoo, Mich., that he is buying up additional stock and will take over as president of the Detroit Tigers baseball team. Fetzer, former Tigers board chairman, said the club is "undergoing a consolidation sale which passes two-thirds of the outstanding stock" to him.

Halloween Parade Slated

The annual Halloween Parade, sponsored by the Ashville Community Club, will be held October 27. The parade will form on the west side of town at the Ashland and Sohio Service Stations at 7 p. m. and the units will move at 7:30 p. m., led by the Ashville Marching Band.

The parade route will be east on Main St. to Long St.; north on Long St. to Plum St.; and east on Plum St. to the High School Auditorium where the judging will take place.

Judging will be done according to the following age groups: Children under six years, ages 6 to 10 years, ages 11 to 17 years, and adults. Three prizes will be given in each class in each age group. The classifications are as follows: 1. Ugliest, Prettiest, and Most Comical.

Individual prizes will be given to the best dressed man in sequentennial costume, best dressed lady in sequentennial costume, best dressed twins, and best dressed ghost. A consolation prize will be given to each parade entry.

Additional information may be had by contacting the committee in charge consisting of Robert Bausum, Raymond Lindsey, and Paul Chaffin.

State Park Receipts Show Decline in Year

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes says the Ohio Division of Parks' receipts in the fiscal year ended last June 30 dropped \$316,807 from the previous year. This year's total was \$762,082, Rhodes reported. He said the largest part of the drop was due to a decline in the sale of division-operated land in the Indian Lake area. At fiscal year's end, Rhodes said, the division had holdings totaling 66,661 acres in 49 counties with an acquisition value of \$2,839,131.

Ohio's GOP Gets Appeal From Ike

COLUMBUS, Ohio (AP)—Ohio Republican headquarters has received a telegram from President Dwight D. Eisenhower appealing to the state's Republicans to put forth every effort in behalf of the Nixon-Lodge ticket.

"I can never forget your tremendous efforts in 1952 to install in Washington an administration fostering the principles and policies in which we all believe," the President's telegram said. "In 1956 you worked in the same cause."

"It is my deepest conviction that for the future of American and the free world we must elect on Nov. 8 a man of experienced leadership to meet the challenge of the 1960s. As a man qualified to enter on the duties of the presidential office, Dick Nixon has the broadest and deepest preparation and experience of any man I know. He has the intelligence, character, and the courage for which the problems of the times call."

For eight years his counsel and advice have been of the utmost value to me. He and Cabot Lodge make a brilliant and dedicated team for keeping all of us on the path of sanity and stability. Please make a special effort to give him a Republican Congress."

Ohio Junior College Need Is Determined

COLUMBUS, Ohio (AP)—Ohio should have junior colleges, the Interim Commission on Education Beyond High School says, but the exact type hasn't been decided upon.

According to commission officials, the state will have either branch colleges, similar to the Ohio State University branch in Lima, or independent junior colleges which will be community initiated, although supported mostly by the state. They will be two-year colleges aimed primarily at students who want additional schooling, but not a degree, officials said Friday.

State Park Receipts Show Decline in Year

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes says the Ohio Division of Parks' receipts in the fiscal year ended last June 30 dropped \$316,807 from the previous year. This year's total was \$762,082, Rhodes reported. He said the largest part of the drop was due to a decline in the sale of division-operated land in the Indian Lake area. At fiscal year's end, Rhodes said, the division had holdings totaling 66,661 acres in 49 counties with an acquisition value of \$2,839,131.

Ohio's GOP Gets Appeal From Ike

COLUMBUS, Ohio (AP)—Ohio Republican headquarters has received a telegram from President Dwight D. Eisenhower appealing to the state's Republicans to put forth every effort in behalf of the Nixon-Lodge ticket.

"I can never forget your tremendous efforts in 1952 to install in Washington an administration fostering the principles and policies in which we all believe," the President's telegram said. "In 1956 you worked in the same cause."

"It is my deepest conviction that for the future of American and the free world we must elect on Nov. 8 a man of experienced leadership to meet the challenge of the 1960s. As a man qualified to enter on the duties of the presidential office, Dick Nixon has the broadest and deepest preparation and experience of any man I know. He has the intelligence, character, and the courage for which the problems of the times call."

"For eight years his counsel and advice have been of the utmost value to me. He and Cabot Lodge make a brilliant and dedicated team for keeping all of us on the path of sanity and stability. Please make a special effort to give him a Republican Congress."

Ohio Junior College Need Is Determined

COLUMBUS, Ohio (AP)—Ohio should have junior colleges, the Interim Commission on Education Beyond High School says, but the exact type hasn't been decided upon.

According to commission officials, the state will have either branch colleges, similar to the Ohio State University branch in Lima, or independent junior colleges which will be community initiated, although supported mostly by the state. They will be two-year colleges aimed primarily at students who want additional schooling, but not a degree, officials said Friday.

Minuet, County History Highlight DAR Session

Highlights of the October meeting of the Pickaway Plains Chapter Daughters of the American Revolution, was The Minuet, under the direction of Miss Dhel Renick, and the History of Pickaway, presented by Miss, Nelle Oesterle, when the members met in the home of Mrs. William Richards, Route 2, Tuesday evening.

The meeting was opened in Ritualistic Form by the regent, Mrs. Richard Hedges, assisted by the Chaplin, Mrs. R. Rae Bales. In the absence of the Flag Chairman, Mrs. Stanley Beckett led in the Pledge of Allegiance, this was followed by all members reading the National Anthem in unison.

In the absence of the treasurer, Mrs. J. B. Stevenson, the report was given by Miss, Elizabeth Stevenson, followed by the reading of the minutes.

Mrs. Charles May, read the message of Mrs. Doris Pike White, president general of the National Society, DAR, from the October issue of the DAR magazine.

In her message Mrs. White said that on October 23rd we celebrate United States Day, a day on which all Americans should pause to consider what it means to be an American. We have so much to be thankful for - greater personal freedom and a higher standard of living than the people of any other nation in the history of the world.

How many Americans stop to consider that our freedoms are the result of the belief of our forefathers in the principle of the God-given rights of man? Knowing that all rights stem from our Creator, our forefathers recognized that governments are instituted solely to protect our unalienable

rights of "Life, liberty and the pursuit of happiness."

Therefore, United States Day is an opportune time to awaken our people to the fundamental principles underlying our Nation's greatness and warn them of the influences that are working to undermine the very foundations of our God-given rights. Each of us must take time to serve her country for this the price of freedom.

Following, Mrs. Whites message, Mrs. C. E. Mahaffey, read the paper compiled by the National Defense Chairman, Miss Florence, who was unable to be present at this meeting.

A recommendation from the board was read by the secretary, Miss, Betty McCoy.

Mrs. Paul Counts reported on the Sesquicentennial booth at the Pumpkin Show which will sell commemorative plates.

Following the conclusion of the business session, Mrs. Clarence McAbee, program chairman, introduced Dhel Renick, who presented Jackson Twps. pupils dressed in Colonial costumes who danced a minuet. Those taking part were Bruce List, Linda Minor, Becky Stevenson, Dicky Overly, Larry Reid, Patricia Schleicher, Jimmy Minor and Suzanne Steinhauer.

Following the minuet, Mrs. McAbee, introduced Miss Nelle Oesterle, who spoke of the early history of Circleville and Pickaway.

In starting her talk Miss Oesterle, said that "a spot of local history is like an Inn upon a highway; it is a stage upon a far journey; it is a place where the national history has passed through. And here in Pickaway County, the first historian of Ohio, Henry Howe, has written that "of all places in the west this deserves the name of "classic ground." Here burned the council fires of the Red Man - here the affairs of the nation were discussed - and the important questions decided. In 1960 the sesquicentennial is being celebrated - and we turn our pages back not to 150 years - but to centuries ago.

Miss Oesterle, told many interesting facts about the city of Circleville, when it was in a circle, and when it was squared. The first settlement was in 1788 and within a few years - settlers began arriving in this area. Many stories are written about modes of travel and the hardships that were endured by the pioneers. In the squaring of the town, a precious heritage was only a tradition. The first Court House was of brick and was built in 1814. The second one in 1845-1847, and in 1885 was remodeled. The cemetery, one of the oldest was first used in 1801.

Changing patterns of life have brought a change in demand of products, so industries come and have vanished. Creeks furnished power for saw mills, grist mills soap and candle factories. Many more interesting facts to numerous to mention were given by Miss Oesterle, so we might conclude by saying again, a "spot of local history is like an Inn upon a highway."

Those assisting Mrs. Richards were: Mrs. Bruce Stevenson, Mrs. Clarence McAbee, Miss Alice Ada May, Mrs. Winfred Golden, Mrs. Paul Counts, Mrs. T. E. Wilson, Mrs. Leslie May, Mrs. Sterling Poling, Mrs. Kermit Dountz and Miss Elizabeth Stevenson.

Iowa, Ole Miss Should Feel Jittery Today

Nation's 1-2 Teams Chalk Victories, but By Very Slim Margins

By THE ASSOCIATED PRESS

Uneasy is the head that wears the crown and if Iowa and Mississippi weren't squeamish today as they surveyed the college football scene from the throne they have short memories.

Both the powerful hawkeyes, No. 1 in the current Associated Press poll and Ole Miss, No. 2, figure things can't get any tougher after last Saturday's spine-chilling victories.

Iowa beat Purdue, 21-14, with third stringer Dayton Perry providing the winning margin by running 84 yards with an intercepted pass and the Boilermakers threatening to tie it as the clock ran out.

Mississippi eked out a 10-7 decision over Arkansas with Allen Green playing Frank Merriwell by kicking a disputed 39-yard field goal on the last play. In fact, he kicked it twice. The first time referee Thomas Bell called time and the play was run over. Green never had kicked a field goal before.

So now Iowa shows a 5-0 record and Mississippi 6-0 with trouble ahead for both.

Iowa has an unenviable task during the next three weeks. This week the Hawkeyes play Kansas (beaten only by Syracuse). The following week they play Minnesota (undefeated-untied) in the game that could decide the Big Ten title. The next week, they play tough Ohio State, beaten only by Purdue.

The Rebels have a date this week with defense-minded Louisiana State, which has given up just 24 points in five games, take a breather against Chattanooga, then face rampaging Tennessee, which has given up just two touchdowns in its five victories. That one could decide the Southeastern Conference championship.

This was the second cliff-hanger in a row for Iowa. The previous week the Hawkeyes got past Wisconsin in the last 32 seconds.

Green's last-gasp field goal touched off a dispute. Arkansas coach Frank Broyles complained that the kick was wide. Almost 24 hours later, he apologized for criticizing referee Bell publicly, but still maintained the kick was wide.

If Iowa or Mississippi should falter defending national champions Syracuse and Navy—which are waging their own private battle for Eastern honors—are waiting in the wings.

Syracuse, voted most likely to succeed itself in the pre-season AP poll, tumbled to third place after four unimpressive victories. But the Orange blasted West Virginia, 45-0, Saturday in their first really big display of power.

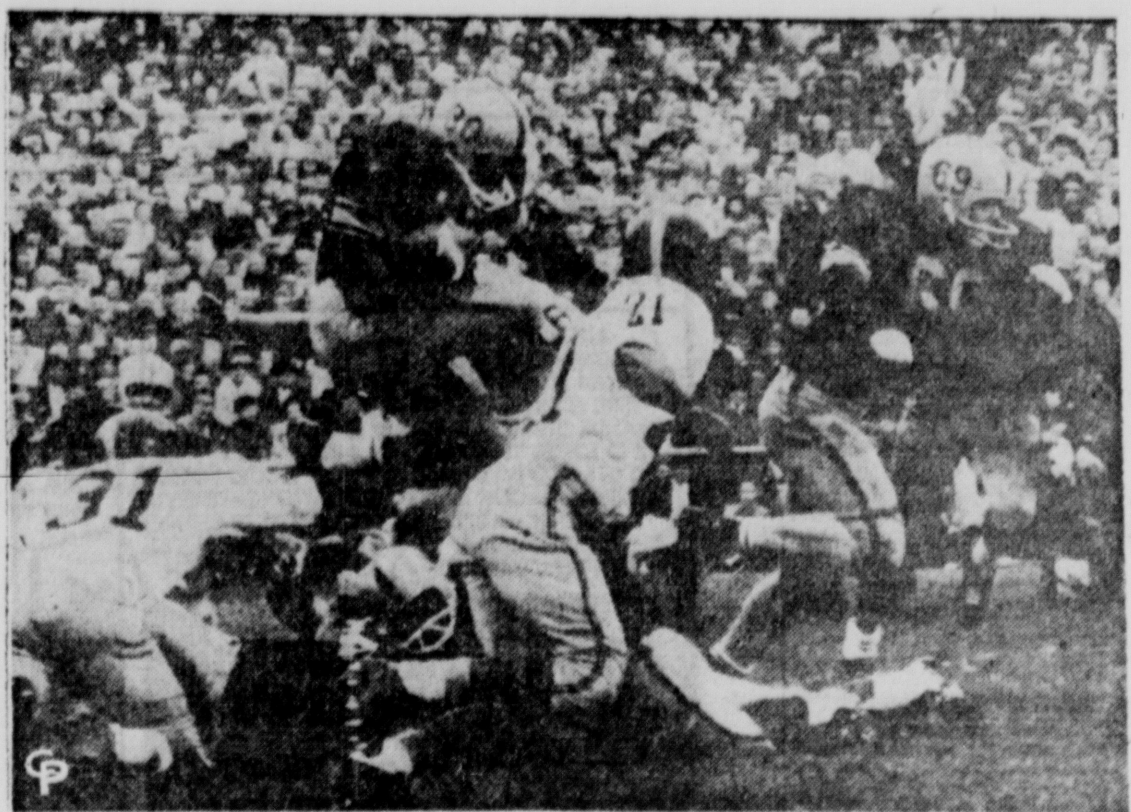

Navy, No. 4, blanked Penn, 27-0. Neither West Virginia nor Penn were rated threats. This week Navy meets Notre Dame and Syracuse plays Pitt.

Missouri, No. 5, swamped Iowa State, 34-8, for its sixth victory and is smelling the sweet scent of the Big Eight title. Oklahoma has held it a dozen years, but the Sooners are a shell of their old selves.

Minnesota, No. 6, should have no great problem with Kansas State after beating Michigan 10-0. Baylor, surprise power of the Southwest Conference, has a league game with Texas Christian. Baylor swept to its fifth triumph, a 14-0 decision over Texas A & M Saturday. TCU won't be easy.

Washington, eighth-ranked team in the country, plays Oregon which is fresh from a 20-0 shutout over California. Washington barely got by Oregon State, 30-29.

Ohio State, which hasn't abandoned hopes of winning the Big Ten title, has a date with once-beaten Michigan State. The Buckeyes, rated No. 9, clobbered Wisconsin.

IOWA OUTLASTS PURDUE, 21-14 — Iowa fullback Joe Williams, (30) takes to the air as he attempts to pickup some valuable yardage from reluctant Purdue linemen. A homecoming crowd of 59,200 went wild as Iowa built up an early 21-0 margin, then sat back with some concern to watch Purdue nibble at the Iowa lead — anyway all's well that ends well and this one ended Iowa 21 — Purdue 14.

National Grid Loop Jolted By Sunday's Upset Scores

By THE ASSOCIATED PRESS

A month ago who would have imagined: That the Baltimore Colts would be in third place with two losses in the National Football League Western Conference while the Green Bay Packers and Chicago Bears would be tied for the lead.

That the Cleveland Browns would rest in third place in the Eastern Conference after opening the season with a 41-24 thumping of the Philadelphia Eagles.

Yet this is the story today after the Colts Sunday went down to their second loss, 30-17, to the Detroit Lions, winless in three previous starts.

The Packers, who beat the Colts two weeks ago, crushed San Francisco 41-14, while the Bears were held to a 24-all tie by Los Angeles. The deadlock broke a 12-game losing streak for the Rams.

Philadelphia's Bobby Walston kicked a field goal in the final 15 seconds to upset Cleveland 31-29 and avenge that opening day trouncing. The victory moved the Eagles (4-1) into the second place in the East, behind idle New York, which has three wins and a tie.

Elsewhere, St. Louis handed Dallas its fifth loss in as many games, 12-10 while Washington and Pittsburgh played to a 27-27 tie.

The second of Jim Martin's three field goals—a 51-yarder that hit the crossbar and bounced over—broke a 17-17 tie for the Lions after Baltimore quarterback Johnny Unitas had thrown scoring passes to Ray Berry and Jim Mustscheler. His TD toss per game streak went to 42 regular season games.

However, Dick (Night Train) Lane wrapped things up for Detroit while he intercepted a Unitas pass and ran 80 yards for a touchdown.

The Packers uplimbered a good passing attack to go with the running of Paul Hornung and Jim Taylor. Quarterback Lamar McHan completed 11 of 24 for 183 of their 206 passing yards, while Hornung and Taylor combined for 170 of 249 rushing. Hornung also scored twice and kicked two field goals and five extra points. Y. A. Tittle passed for both 49er scores.

Chicago quarterback Zek Bratkowski turned from goat to hero in a few moments when he tossed a 29-yard scoring pass to Angelo Coia for the tie after Ed Meador had intercepted one of his tosses and ran 25 yards to give the Rams

a 24-17 lead. Bratkowski also hit Coia with a 15-yard TD toss and Willie Dewveall with a 14-yarder. Walston's 38-yard field goal was set up by a pass interference call and climaxed a brilliant second half offensive show by the Eagles. Norm Van Brocklin riddled the Browns defenses with passes, throwing 57 yards to Tommy McDonald and 8 to Bill Barnes for scores. He hit Walston with a 49-yarder for a TD the first time Philadelphia had the ball. Jimmy Brown ran 71 yards for a Cleveland touchdown and gained 17 yards over all. But the Eagles held halfback Bobby Mitchell to 35 in 14 tries.

Gerry Perry's 18-yard field goal in the last 43 seconds after L. G. Dupre fumbled on the Dallas 39 beat the Cowboys. Dupre's TD had put them ahead 10-9 earlier in the period.

The Redskins also needed a last minute field goal — 43 yards by Bob Khayat — to tie Pittsburgh. Bert Rechubar's 44-yard effort with 12 seconds to go bounced off the cross bar after the Steelers had been penalized five yards for delay of the game.

Veteran George Banda, a 32-year-old castoff with a decade of pro experience, is powering the Houston Oilers to the Eastern Division title in the American Football League while establishing a batch of impressive individual marks.

The former Chicago Bears' quarterback tossed four touchdown passes, scored once on a short plunge and kicked six conversions as the Oilers blasted New York 42-28 Sunday for a 5-1 record and a game and a half edge over the Titans in the Eastern race.

With eight games to go in the AFL's first season, Banda has a solid hold on the scoring lead with

69 points on 4 touchdowns, 8 field goals and 21 consecutive PATs. He also has pitched 11 scoring aeriels to tie for the top spot in that department.

Blanda threw touchdown tosses of 8, 11 and 12 yards to Bill Gro-man and flipped a four-yarder to Charlie Hennigan in an aerial donnybrook before an estimated 21,000 fans, who saw New York quarterbacks Al Dorow and Dick Jamieson seriously injured.

Dorow, who suffered chest injuries in the first period, tore a ligament in his right knee when he was hurt again in the final period and likely is lost for the remainder of the season. Jamieson will be sidelined indefinitely with a slight shoulder separation.

Meanwhile, the Western Division-leading Denver Broncos came from behind and defeated the Boston Patriots 31-24 to take a one-game lead over idle Los Angeles. The Buffalo Bills overwhelmed the Oakland Raiders 38-9 in the other scheduled game.

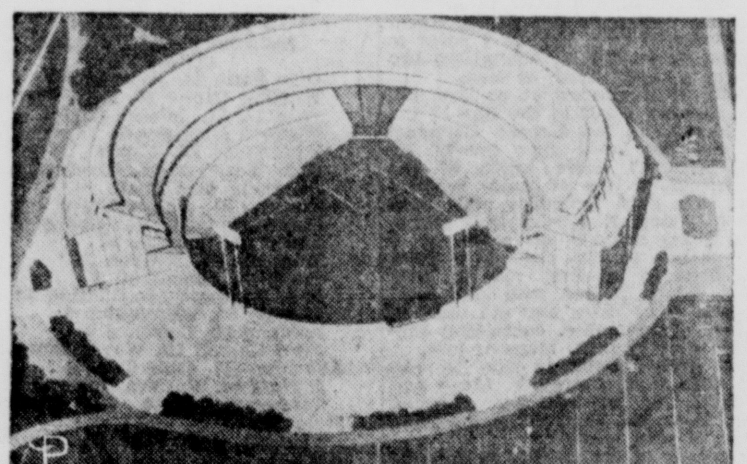

43 College Teams Still 'Perfect'

By THE ASSOCIATED PRESS

Forty-three college football teams, 11 in the major class, have managed to carry unbeaten records through the first half of the 1960 season.

An Associated Press check today showed the list headed by Iowa (5-0) and Mississippi (6-0), the No. 1 and No. 2 ranking teams in the country.

Mississippi is one of five major teams who have won six games. The others are Missouri, Navy, Utah State and New Mexico State. Besides Iowa, the five-game winners include Syracuse, Minnesota, Baylor, Yale and Rutgers.

NEW STADIUM FOR NEW YORK—Now that New York will get a National League franchise in baseball for the 1962 season Mayor Robert Wagner promised to "accelerate" construction of a new sports stadium in Flushing Meadows, Queens, which would seat 55,000 and cost \$15,000,000. Ohio College Team Record Some Surprises

COLUMBUS, Ohio (AP)—Ohio State's Buckeyes, snugly ensconced in third place in the Big Ten race, were a bit higher today than the pre-season pickers thought they'd be.

Woody Hayes' light but lightning-fast corps, despite a 24-21 setback by Purdue a week ago, has suddenly blossomed as a title threat. There was some indication of the potent punch two weeks ago when the Bucks battered favored Illinois, 34-7.

Saturday, as they handled Wisconsin's defending champions by the same score—with two first-period touchdowns and three in the final quarter—their stock started mounting toward the heights.

Ohio State's one-sided win was not the only big surprise Saturday. Ohio University whipped Miami, 21-0, for the first time since 1942; Wooster's unbeaten Ohio Conference co-champions were dumped, 12-20, by Akron, which hadn't won a game; Bluffton lost its first Mid-Ohio League game since 1957, to Ohio Northern, 15-13; Findlay ended a five-game losing streak by beating Wilmington, 21-0, and Central State's five-game winning streak ended 28-12, at the hands of Tennessee State.

Out-of-state teams took six of 10 games from the Ohioans over the weekend, the first time they've had an edge this year. The Buckeye clubs still hold a comfortable 38-20-2 record, with a 1,221 to 848 scoring edge, in interstate play.

The Ohio teams have a 23-game slate on tap next Saturday, with 11 against out-of-state squads. Miami, still reeling from its loss to Ohio U., goes against Army at West Point in one of the big ones.

Other top-flight games include: Ohio U. at Western Michigan, Akron at Muskingum, Ashland at Ohio Northern for the Mid-Ohio title, Xavier at Cincinnati, and Dayton at Wichita.

Precision Driving Wins for Moss

FT. ORD, Calif. (AP)—Stirling Moss, known as a colorful race driver and a hard hand on machinery, proved just the opposite in winning double victories in the two-hour, 200-mile \$20,000 Pacific Grand Prix.

Moss, roaring down the straightaway at 120 miles an hour, pushed his temperamental Lotus MK XIX Monte Carlo quickly in front Sunday in each of the 100-mile runs on the 1.9-mile Laguna Seca course. He then settled down to precision driving and averaged 86.4 miles an hour in the first heat and 87.3 mph. in the second.

Moss sped one lap during the second heat in 1 minute 17.2 seconds, lopping one-tenth of a second of a course record he set Friday in qualifying on the nine-turn asphalt run.

State Hospital Patient's Body Found in Field

COLUMBUS, Ohio (AP)—The badly decomposed body of a man identified as Cecil Rinehart, 53, of Centerburg, was found in a field here Saturday. Police said Rinehart had walked away from Columbus State Hospital, where he was a patient, on Sept. 3. Detectives said no signs of violence were found at the scene where the body was discovered.

SPORTS

Logan Elm Downs Scioto Unit, 12-6

The Braves of Logan Elm outbattled Scioto to take a 12-6 verdict in a test played Saturday night on Circleville High School's gridiron.

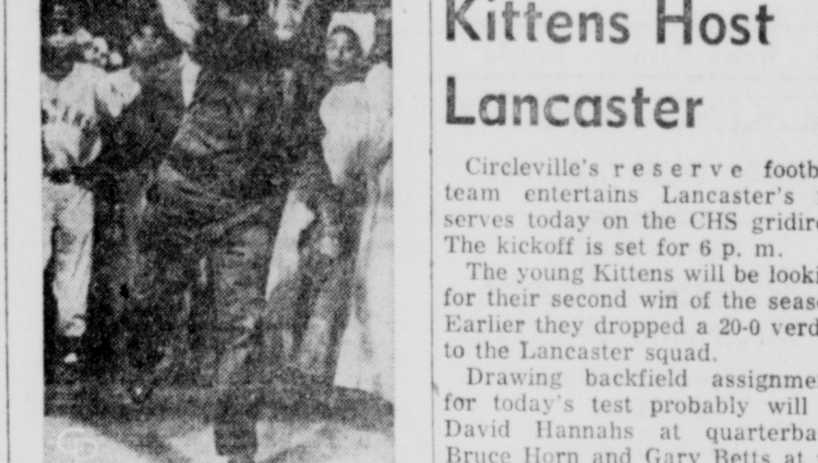

Logan Elm rolled to a 6-0 lead in the first half on Halfback Roger Clarke's 10-yard dash around right end. Dick Dean's run for extra points was stopped.

Scioto knotted the count in the first half when Clarke's punt was blocked at Logan Elm's 29 following a bad pass from center. Scioto's Bob Wallace picked up the pigskin and ran in for the touchdown.

Bob Whiteside's run for the extras was stopped short to leave the score deadlocked at 6-6 at half-time.

CLARKE put the Braves back in front to stay in the second half with a 15-yard sweep around right end to paydirt. A fumble in the backfield halted the run for points.

Logan Elm had another scoring opportunity killed by the clock. With only three seconds remaining in the game, the Braves took over deep in Scioto's territory.

PLAYING BALL—Cuba's Premier Fidel Castro shows he can play ball to some extent as he throws out the first "pitch" to open the Cuban Winter League in Havana. Columbus Woman Cited For Sales Promotion

COLUMBUS, Ohio (AP)—The publicity director for a large Columbus department store has been named the nation's "advertising woman of the year" by Gamma Alpha Chi, national professional advertising fraternity for women. The group cited Mrs. Mari C. Yerian of F. & R. Lazarus Co. as "one of the most outstanding sales promotion authorities in the country" at ceremonies Saturday night. Mrs. Yerian lives in suburban Upper Arlington.

Junior High At Lancaster For Grid Tilt

Circleville's Junior High footballers resume action tomorrow at Lancaster Thomas Ewing in a game postponed last Wednesday due to rain.

The Tiny Tigers, looking for their fourth straight win, will open the test on Ewing's field at 4 p. m.

Two weeks ago the locals downed the Ewing unit, 18-6, in a contest played here. The game this week is expected to be another close one.

Circleville's lineup probably will be about the same as in previous games.

RUNNING power will be furnished by Hogie Dade, Eddie Smith, Jim Wood and Mick Tomlinson with some slick ballhandling provided by Quarterbacks John Magill, Chip Harrod and Terry Campbell.

Defensive play will be anchored by Ronnie Smith, George Ramey, Don Fausnaugh, Rich Samuel, Jeff Ankrom, Jack Martin, Glen East-erday, Tomlinson, Ronnie Seward, Charles Martin and others.

Portsmouth To Check On Population Drop

PORTSMOUTH, Ohio (AP)—City Manager George T. Meholic says Portsmouth is going to try to find out if its population really fell 3,000 since 1950. That's what the federal Census Bureau says it did when it set the 1960 population figure at 33,410. Meholic says the city will recount its population, using city employees and volunteers for the task.

Ohio College Team Record Some Surprises

COLUMBUS, Ohio (AP)—Ohio State's Buckeyes, snugly ensconced in third place in the Big Ten race, were a bit higher today than the pre-season pickers thought they'd be.

Woody Hayes' light but lightning-fast corps, despite a 24-21 setback by Purdue a week ago, has suddenly blossomed as a title threat. There was some indication of the potent punch two weeks ago when the Bucks battered favored Illinois, 34-7.

Saturday, as they handled Wisconsin's defending champions by the same score—with two first-period touchdowns and three in the final quarter—their stock started mounting toward the heights.

Ohio State's one-sided win was not the only big surprise Saturday. Ohio University whipped Miami, 21-0, for the first time since 1942; Wooster's unbeaten Ohio Conference co-champions were dumped, 12-20, by Akron, which hadn't won a game; Bluffton lost its first Mid-Ohio League game since 1957, to Ohio Northern, 15-13; Findlay ended a five-game losing streak by beating Wilmington, 21-0, and Central State's five-game winning streak ended 28-12, at the hands of Tennessee State.

Out-of-state teams took six of 10 games from the Ohioans over the weekend, the first time they've had an edge this year. The Buckeye clubs still hold a comfortable 38-20-2 record, with a 1,221 to 848 scoring edge, in interstate play.

The Ohio teams have a 23-game slate on tap next Saturday, with 11 against out-of-state squads, Miami, still reeling from its loss to Ohio U., goes against Army at West Point in one of the big ones.

Other top-flight games include: Ohio U. at Western Michigan, Akron at Muskingum, Ashland at Ohio Northern for the Mid-Ohio title, Xavier at Cincinnati, and Dayton at Wichita.

Precision Driving Wins for Moss

FT. ORD, Calif. (AP)—Stirling Moss, known as a colorful race driver and a hard hand on machinery, proved just the opposite in winning double victories in the two-hour, 200-mile \$20,000 Pacific Grand Prix.

Moss, roaring down the straightaway at 120 miles an hour, pushed his temperamental Lotus MK XIX Monte Carlo quickly in front Sunday in each of the 100-mile runs on the 1.9-mile Laguna Seca course. He then settled down to precision driving and averaged 86.4 miles an hour in the first heat and 87.3 mph. in the second.

Moss sped one lap during the second heat in 1 minute 17.2 seconds, lapping one-tenth of a second of a course record he set Friday in qualifying on the nine-turn asphalt run.

State Hospital Patient's Body Found in Field

COLUMBUS, Ohio (AP)—The badly decomposed body of a man identified as Cecil Rinehart, 53, of Centerburg, was found in a field here Saturday. Police said Rinehart had walked away from Columbus State Hospital, where he was a patient, on Sept. 3. Detectives said no signs of violence were found at the scene where the body was discovered.

Logan Elm Downs Scioto Unit, 12-6

The Braves of Logan Elm outbattled Scioto to take a 12-6 verdict in a test played Saturday night on Circleville High School's gridiron.

Logan Elm rolled to a 6-0 lead in the first half on Halfback Roger Clarke's 10-yard dash around right end. Dick Dean's run for extra points was stopped.

Scioto knotted the count in the first half when Clarke's punt was blocked at Logan Elm's 20 following a bad pass from center. Scioto's Bob Wallace picked up the pigskin and ran in for the touchdown.

Bob Whiteside's run for the extras was stopped short to leave the score deadlocked at 6-6 at half-time.

CLARKE put the Braves back in front to stay in the second half with a 15-yard sweep around right end to paydirt. A fumble in the backfield halted the run for points. Logan Elm had another scoring opportunity killed by the clock. With only three seconds remaining in the game, the Braves took over deep in Scioto's territory.

PLAYING BALL—Cuba's Premier Fidel Castro shows he can play ball to some extent as he throws out the first "pitch" to open the Cuban Winter League in Havana. At right are members of a visiting Guinea government delegation. This is the first season since 1906 in which no U.S. player is in the Winter League.

Columbus Woman Cited For Sales Promotion

COLUMBUS, Ohio (AP)—The publicity director for a large Columbus department store has been named the nation's "advertising woman of the year" by Gamma Alpha Chi, national professional advertising fraternity for women. The group cited Mrs. Mari C. Yerian of F. & R. Lazarus Co. as "one of the most outstanding sales promotion authorities in the country," at ceremonies Saturday night. Mrs. Yerian lives in suburban Upper Arlington.

Junior High At Lancaster For Grid Tilt

Circleville's Junior High footballers resume action tomorrow at Lancaster Thomas Ewing in a game postponed last Wednesday due to rain.

The Tiny Tigers, looking for their fourth straight win, will open the test on Ewing's field at 4 p. m.

Two weeks ago the locals downed the Ewing unit, 18-6, in a contest played here. The game this week is expected to be another close one.

Circleville's lineup probably will be about the same as in previous games.

RUNNING power will be furnished by Hogie Dade, Eddie Smith, Jim Wood and Mick Tomlinson with some slick ballhandling provided by Quarterbacks John Magill, Chip Harrod and Terry Campbell.

Defensive play will be anchored by Ronnie Smith, George Ramey, Don Fausnaugh, Rich Samuel, Jeff Ankrom, Jack Martin, Glen Easterdar, Tomlinson, Ronnie Seward, Charles Martin and others.

Portsmouth To Check On Population Drop

PORTSMOUTH, Ohio (AP)—City Manager George T. Meholic says Portsmouth is going to try to find out if its population really fell 3,000 since 1950. That's what the federal Census Bureau says it did when it set the 1960 population figure at 33,410. Meholic says the city will recount its population, using city employees and volunteers for the task.

HEAD DOWN, EYES ON THE BALL, MR. PRESIDENT—President Eisenhower is surrounded by a bevy of admiring distaff riders in Palm Springs, Calif., where he went to do a little resting, a little golfing, maybe some kitchen activity in one of the Eldorado cottages.

Browns' Top Trio Sparkles Against Eagles, but Loses

CLEVELAND (AP)—The sharp-tines of Cleveland's three-pronged attack had their best day of the season Sunday, but it wasn't enough—the Browns lost, 31-29, to the Philadelphia Eagles.

Milt Plum completed 16 of 22 passes for 289 yards and two touchdowns; Sam Baker booted three field goals and two extra points; Jim Brown rushed 167 yards in 22 trips.

But all their heroic efforts Sunday were nullified by a 38-yard field goal by 10-year veteran Ed Walston with just 15 seconds to go. The deciding boot, erasing a 29-28 Cleveland margin, came on the first play after it appeared the Eagles were washed up.

On that one Norm Van Brocklin, with a half-minute to play, fired a pass for his own 43. Rookie Bob Franklin intercepted on the 30 for the Browns and raced back to mid-field. But pass interference was called on the play and the Eagles given the ball on the Cleveland 30.

Including the hair-raising finish, the game was a thriller all the way. On the first play, Van Brocklin hit Walston with a 49-yard scoring pass, and Bobby booted the extra point.

Baker then kicked field goals of 12 and 23 yards to get the Browns to a 6-7 deficit, and Plum hit end Leon Clarke with an 86-yard scoring pass to put Cleveland

ahead 12-7 as Baker's conversion try was poor. Baker's 44-yard field goal with 15 seconds to go in the half moved the Browns out front, 15-7.

On the first offensive play of the second half, Brown hit center for nine yards. On the next, he romped 71 for a touchdown. That and Baker's conversion made it 22-7 and the 64,850 fans settled back with a sigh.

But Van Brocklin and Coach Buck Shaw, each in his last year with the Eagles, weren't through. Sparked by Clarence Peaks' 57-yard draw play jaunt, the Eagles sent Billy Barnes two yards to score. Then Van Brocklin hit Tommy McDonald with a 57-yard scoring pass.

Next he passed eight yards to Barnes for the third straight Philadelphia touchdown and the Eagles led 28-22.

The Browns promptly marched 88 yards for a TD, Plum hitting Bobby Mitchell with a two-yarder for the six points, and the Browns were back in front 29-28, with 6:05 played in the final quarter.

With four minutes to go the Eagles were on the Browns' 48, but rookie Don Fleming intercepted a pass and moved back to the 32, and it seemed the Browns were out of trouble. But they had to punt, and Van Brocklin and Walston stormed back for the winning three-pointer.

Big O Proves He Fits Well In Pro Game

CINCINNATI (AP)—Before the season, Larry Foust of St. Louis said he doubted Oscar Robertson would make it big in the pro National Basketball Association.

Last night the Big "O" was at his do-it-all best for the upstart Cincinnati Royals, scoring 32 points and setting up the plays in a 114-103 victory, over the Hawks, in the only league game scheduled.

And last night Foust—who couldn't even score in the game—said "I'd say he'll be around for a long time."

The Royals were the league doormat for the last two years. But last night's victory was their fourth without defeat, keeping them easily atop the NBA Western Division.

Robertson and Bob Boozer, the Royals' other Rookie, have helped give the club a characteristic they almost never had last season—steadiness under pressure. The Royals often got whipped in the last quarter.

Veteran Royals appear to have gained, too. Phil Jordan, 6-foot-10 but only so-so as a center last season, had a shock last Thursday when his mother died.

But Jordan elected to stay with the squad over the weekend. On Saturday, he led the team with 28 points in a 119-117 victory over New York.

Last night he collected only eight points, but concentrated on defense, snatching off 10 rebounds.

Ohioan's Ace May Net \$4000

OCEANSIDE Calif. (AP)—Bob Shave, 24-year-old freshman pro from Willoughby, Ohio, got the first hole-in-one of his career in the first round of the \$10,000 El Camino Country Club Pro-Amateur Golf Tournament Saturday. He shot the ace on the 198-yard fourth hole. It will win him a \$4,000 car if no one else shoots an ace. If someone does, there will be a one-shot playoff and the one coming closer to the pin will win.

School Group Asks Questions

Logan Elm District Meetings This Week

That question "What do we want from our schools?" will come up at two meetings in Logan Elm School District this week.

Tuesday evening it will be discussed at Salt Creek in connection with the October PTO meeting and on Thursday evening Washington PTO members will gather around discussion tables to answer the same question.

An enthusiastic group of parents and teachers discussed the question during a Pickaway PTO meeting October 13. This group while in general agreement as to the excellence of the teaching staff were not in agreement on such questions as teaching languages to grade school children and the use of television in the classroom. They did, however, seem to be in agreement on the need for speech therapy and remedial reading classes.

Discussion leaders for the Pickaway meeting were Neil Morris, Mrs. Walter Parker, Jr., Dr. Wells Wilson, Mrs. Donald Miller and Mrs. Donald Miller and Mrs. Sterling Poling.

Teacher consultants were Victor Pontius, Alfred Gabriel, Mrs. Hazel Schaal, Miss Louise Stucley and Carl Burger. At the conclusion of the discussion Board Clerk Neil Morris made a financial report to the group. This will be mimeographed and distributed to those who participate in this week's meetings.

AT EACH of these meetings participants are asked to fill out questionnaires which will be tabulated for use by the State House Conference on Education to be held in Columbus in January. The fourth meeting in the Logan Elm District will be held at the high school on November 1.

At this time participants will submit written questions to a panel of leaders in business, industry and education who will speak on the subject, "How can parents and teachers working together better prepare the student for the years after 1970?"

Armco Finds Sales Tougher Overseas

CINCINNATI (AP)—The president of Armco Steel Corp. of Middletown said today he thinks American business no longer has a soft touch selling its products abroad.

Logan T. Johnston told the annual meeting of the Ohio Society of Certified Public Accountants that:

"From now on we shall have to compete overseas just as we compete with one another here at home."

He contended most foreign plants are already as modern as American facilities and some are superior.

General Telephone, Ashville Band Floats Win Top Prizes

General Telephone Co. and the Ashville Band Mothers walked off with commercial and amateur honors in excellent and unusual float competition at this year's Pumpkin Show.

Judges praised all the entries for their beauty, original design and theme. They said picking the winners was a difficult task.

General Telephone's commercial winner was a handsome entry, graced by a huge birthday cake in observance of Pickaway County's Sesquicentennial.

The Ashville Band Mothers' amateur winner paid tribute to Chief Logan of the Mingoes. It featured a huge war bonnet and was pulled by a tractor fashioned as a canoe.

SECOND place in the commercial division went to the Pickaway County Fair entry, another float which was a crowd pleaser.

Taking third in the commercial field was the New car Dealers Assn. float. Fourth went to the

Chillicothe Chamber of Commerce entry. Fifth place was an appealing entry by Darrel Hatfield. Sixth place went to the Sinclair Oil Co.

Second place in the amateur division was awarded to the First EUB Church of Circleville. Third place honors were earned by the local Presbyterian Church.

Fourth place ended in a tie between the 4-H Junior Leaders float and the St. Philip's Church entry. Fifth place also ended in a deadlock, with St. Joseph's School and the Cheerful Bud Stitches of Yellowbud entries taking the honors.

All other floats in the competition were awarded consolation honors.

Original plans called for only four places in each class. However, the judges said the many fine entries prompted them to add two additional places in the commercial division and one in the amateur.

Ike Making Visit to Mexico Plans Big Boost for Nixon

PALM SPRINGS, Calif. (AP)—President Eisenhower makes a goodwill visit to Mexico today after arranging for a major personal role in the Republicans' home-stretch drive to elect the Nixon-Lodge ticket.

Eisenhower, who relaxed in this Southern California resort area over the weekend, flies to Laredo, Tex., and then travels by automobile just across the U. S.-Mexican border to Ciudad Acuna to spend about two hours with Mexico's President Adolf Lopez Mateos.

After the meeting with Lopez Mateos, Eisenhower will fly on to Houston, Tex., for an address this evening at Rice Institute. That will conclude the President's round of speeches on a cross-country tour he started a week ago today.

This current tour into five states has been labeled non-political by the White House. But Eisenhower has been meeting with Republican politicians all along the way and he has been accused of campaigning—under the non-political banner—for Vice President Richard M. Nixon, the GOP presidential candidate, and his running mate, Henry Cabot Lodge.

The camp of Sen. John F. Kennedy, Democratic nominee for the White House, made that accusation on the basis of Eisenhower's speech in San Francisco last Thursday night. The White House declined comment at that time.

The President now has announced plans to go, as he put it, to reporters over the weekend, "into the political field" for major speeches in New York and Pennsylvania, both crucial areas. With the contest hot for New York's bloc of 45 electoral votes

and Pennsylvania's 32, these plans were disclosed:

1. Next Friday evening the President will address a Volunteers for Nixon-Lodge rally in Philadelphia at the Bellevue Stratford Hotel. His 30-minute speech starting at 8:30 p.m., EDT, will be carried nationwide by the ABC television network.

2. On Nov. 2, six days before the election, Eisenhower, Nixon and Lodge will speak at a big rally in New York City's Coliseum. That bid for votes will be on coast-to-coast radio as well as TV.

DESERT SONG SOUR—Released from 10 days' Arab captivity in Jerusalem, 25-year-old Dolores Anne Baker (above) of Cleveland first said she and her companion, Thomas A. Falco, 24, of New York, received brutal treatment and that she was struck with a rifle butt. But later, to the U.N. Mixed Armistice Commission, she said they were treated well. They had strayed over Jordan border.

Norse Foreign Minister Gives Warning to Reds

OSLO, Norway (AP)—Norwegian Foreign Minister Halvard Lange today told the Russians to keep their hands off Norway and suggested that further Soviet threats may make Norway reconsider her present policy.

After giving Parliament a report on the U.N. General Assembly session in New York, Lange accused the Soviet Union of waging an offensive of threats and propaganda causing unrest in the country.

Whisky, Eggs Are Tossed At Democrats

By THE ASSOCIATED PRESS

A woman threw a glass of whisky into Sen. John F. Kennedy's face in Milwaukee Sunday night.

In Boston, eggs splattered former Democratic Rep. Helen Gahagan Douglas of California at a Kennedy rally.

Neither was hurt.

The Democratic presidential nominee was doused as he rode in an open convertible through jammed streets to Milwaukee Auditorium to deliver a speech.

The woman, not identified, pressed close to the candidate's slow moving car and threw the whisky. Then she let go of the empty glass. It struck a member of Kennedy's staff.

Kennedy wiped his face, picked up the tumbler, said calmly "Here's your glass" and handed it to her male companion. There were no arrests.

In Boston, Mrs. Douglas, wife of actor Melvyn Douglas, escaped a direct hit when Judge Reuben Forum, stepped between her and egg throwers in the balcony.

Another person on the stage, unidentified in the confusion, was hit full in the face.

Some of the splattered left the stage but Mrs. Douglas stayed and was applauded for five minutes.

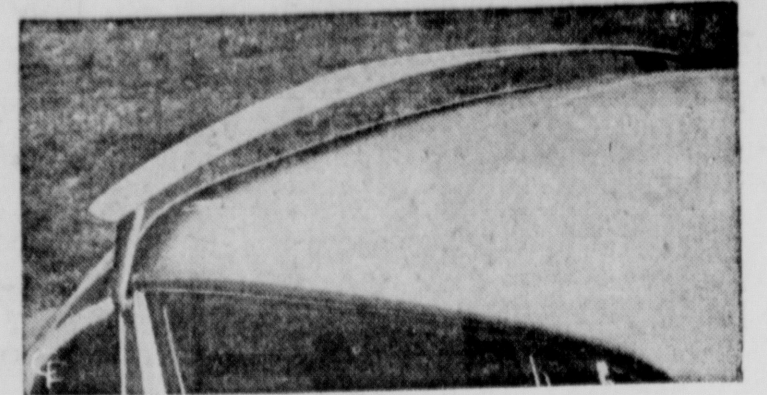

In 1950, in a bitter contest, Mrs. Douglas was defeated for the U.S. Senate by Richard M. Nixon, now the GOP presidential candidate.

About 26 countries are expected to take part in Japan's fourth International Trade Fair. The fair will open in Tokyo next April 17.

School Group Asks Questions

Logan Elm District Meetings This Week

That question "What do we want from our schools?" will come up at two meetings in Logan Elm School District this week.

Tuesday evening it will be discussed at Saltcreek in connection with the October PTO meeting and on Thursday evening Washington PTO members will gather around discussion tables to answer the same question.

An enthusiastic group of parents and teachers discussed the question during a Pickaway PTO meeting October 13. This group while in general agreement as to the excellence of the teaching staff were not in agreement on such questions as teaching languages to grade school children and the use of television in the classroom. They did, however, seem to be in agreement on the need for speech therapy and remedial reading classes.

Discussion leaders for the Pickaway meeting were Neil Morris, Mrs. Walter Parker, Jr., Dr. Wells Wilson, Mrs. Donald Miller and Mrs. Donald Miller and Mrs. Sterling Poling.

Teacher consultants were Victor Pontius, Alfred Gabriel, Mrs. Hazel Schaal, Miss Louise Stuckey and Carl Burger. At the conclusion of the discussion Board Clerk Neil Morris made a financial report to the group. This will be mimeographed and distributed to those who participate in this week's meetings.

AT EACH of these meetings participants are asked to fill out questionnaires which will be tabulated for use by the State House Conference on Education to be held in Columbus in January. The fourth meeting in the Logan Elm District will be held at the high school on November 1.

At this time participants will submit written questions to a panel of leaders in business, industry and education who will speak on the subject, "How can parents and teachers working together better prepare the student for the years after 1970?"

Armco Finds Sales Tougher Overseas

CINCINNATI (AP)—The president of Armco Steel Corp. of Middletown said today he thinks American business no longer has a soft touch selling its products abroad.

Logan T. Johnston told the annual meeting of the Ohio Society of Certified Public Accountants that:

"From now on we shall have to compete overseas just as we compete with one another here at home."

He contended most foreign plants are already as modern as American facilities and some are superior.

General Telephone, Ashville Band Floats Win Top Prizes

General Telephone Co. and the Ashville Band Mothers walked off with commercial and amateur honors in excellent and unusual float competition at this year's Pumpkin Show.

Judges praised all the entries for their beauty, original design and theme. They said picking the winners was a difficult task.

General Telephone's commercial winner was a handsome entry, graced by a huge birthday cake in observance of Pickaway County's Sesquicentennial.

The Ashville Band Mothers' amateur winner paid tribute to Chief Logan of the Mingoes. It featured a huge war bonnet and was pulled by a tractor fashioned as a canoe.

SECOND place in the commercial division went to the Pickaway County Fair entry, another float which was a crowd pleaser.

Taking third in the commercial field was the New Car Dealers Assn. float. Fourth went to the

Chillicothe Chamber of Commerce entry. Fifth place was an appealing entry by Darrel Hatfield. Sixth place went to the Sinclair Oil Co.

Second place in the amateur division was awarded to the First EUB Church of Circleville. Third place honors were earned by the local Presbyterian Church.
